

Parenteral Nutrition Training Dates – 2024

Date / Venue Course

10 January

INTRODUCTION TO PARENTERAL NUTRITION

Birmingham

This course, held in the BDA office in Birmingham, aims to provide a thorough understanding on estimating energy requirements for patients requiring Parenteral Nutrition (PN).

To have an appreciation of the importance of assessing and monitoring patients at high risk of refeeding syndrome and how this impacts on a PN regimen.

To develop an awareness of the principle theories and practical concepts when commencing a patient on PN, monitoring the patient and subsequently weaning off PN.

17 January

BPNG ADVANCED COURSE STUDY DAY

*Priory Meeting
Rooms,
Birmingham*

This study day is aimed at the experienced practitioner, covering topics on PN in type 3 diabetes, renal failure and pre-existing liver disease as well as discussing PN stability and clinical cases.

26 January

11TH NATIONAL GASTROINTESTINAL NURSING CONFERENCE

*America Square
Conference
Centre, London*

The National Gastrointestinal Nursing Conference is a CPD-certified educational event for nurses specialising in gastroenterology, hepatology and stoma care.

The 2023 conference featured presentations on a range of specialist topics, from inflammatory bowel disease and endoscopy to nutrition and colorectal cancer. The event aims to support nurses' professional development and best practice in delivering holistic, evidence-based, cost-effective care, centred on improving patients' quality of life.

2-5 March

ASPEN 2024 NUTRITION SCIENCE & PRACTICE CONFERENCE

Tampa, Florida

The ASPEN 2024 Nutrition Science & Practice Conference—held from Saturday, March 2 to Tuesday, March 5, 2024—provides you access to cutting-edge research and the latest evidence-based knowledge and skills to incorporate optimal nutrition into your patient treatment plan. We invite you to join us at the Tampa Convention Center in Tampa, Florida, or virtually. See program.

10-11 MAY

CLINICAL PHARMACY CONGRESS SOUTH

Excel, London

Europe's largest event for clinical pharmacy professionals now has two homes in the UK, providing two opportunities in the year to access essential clinical education and critical strategy updates via a diverse programme of keynote presentations, workshops, and interactive sessions. Explore the latest advancements in clinical pharmacy and discover cutting-edge products and services in our exhibition area. Network with your colleagues and peers.

6-7 June

ONCA CONFERENCE 2024

Turin, Italy

Join us for an inspiring journey at the Optimal Nutritional Care for All (ONCA) conference in the enchanting city of Turin, Italy. In 2024, the conference will be proudly hosted by the Italian ONCA team, which includes the society for artificial nutrition and metabolism SINPE, the Italian patient organizations, the active scientific societies collaborating with SINPE in the interdisciplinary effort to combat malnutrition, representatives of the Ministry of Health and many more.

*QMU,
Edinburgh*

The clinical update course will be held from Monday 17 June to Thursday 20 June 2024 for four days in total. Monday will commence at 9am and Thursday will conclude at 3pm.

27-29 June

MASCC/JASCC/ISOO ANNUAL MEETING

Lille, France

The Annual Meeting is the foremost international and interdisciplinary conference on supportive cancer care. It covers the entire spectrum of problems experienced by patients as a result of their cancer and cancer treatment.

Rapid advances in cancer treatment have led to numerous innovations in supportive care. At the Annual Meeting, you'll discover what's new and what's on the horizon in the diverse and exciting field of supportive care.

The overall theme of the meeting is to 'Empower People Impacted by Cancer and Living with Toxicities'

8-11 July

ASEPTIC PREPARATION AND DISPENSING OF MEDICINES (APDM)

*University of
Leeds*

The Aseptic Preparation and Dispensing of Medicines (APDM) course has been developed by NHS TSET (the Technical Specialist Education and Training group) and is facilitated by the University of Leeds. The course is designed to:

- meet the needs of pharmacy staff (pharmacists and experienced senior technicians) who are engaged in the aseptic processing of medicines
- cover the principles and practice of asepsis
- provide an update on knowledge of standards, practices and quality assurance arrangements relating to the aseptic preparation and dispensing of medicines

4-6 September

THE LEEDS COURSE IN CLINICAL NUTRITION

*University of
Leeds*

This course is specifically designed to provide a thorough grounding in all aspects of clinical nutrition and:

- summarise national nutrition drivers to provide a foundation for the course
- increase awareness of nutritional compromise and its consequences; give practical guidance on assessment of patients, and discuss particular patient groups (surgical patients, those with irritable bowel syndrome, renal disease, eating disorders and liver disease)
- discuss practicalities of feeding in terms of ethics, different methods of feeding and understand more about different techniques to give artificial nutrition
- establish principles of nutritional importance in extreme clinical situations (short bowel syndrome, refeeding syndrome, parenteral nutrition)

7-10 September 46TH ESPEN CONGRESS ON CLINICAL NUTRITION & METABOLISM

Milan, Italy

The programme has been developed which will continue with the past traditions of innovation and improvement of nutritional care and education of all professions involved in the field of nutrition and metabolism

13-17 September

ESMO CONGRESS 2024

Barcelona, Spain

The ESMO Congress is a globally influential oncology platform for clinicians, researchers, patient advocates, journalists and healthcare industry representatives from all over the world.

ESMO 2024 will disseminate the latest cutting-edge data, provide high quality education and excellent networking opportunities for oncologists and other stakeholders from all around the world.

11-13 October 2024 BOPA SYMPOSIUM

*The ICC,
Birmingham*

Hear about the latest research in oncology with the opportunity to ask questions and join in discussions. By attending in person you will make connections with oncology pharmacy practitioners from across the UK and develop your professional network as well advancing your practice and building competence

16-18 October HORIZONS IN INTESTINAL FAILURE, REHABILITATION & HOME PARENTERAL NUTRITION 2024

*The Royal
College of
Physicians,
London*

Following the success of last years 25th Anniversary of the Horizons in Intestinal Failure course, we are delighted to be bringing this course back to you in 2024.

This 3 day course is a hybrid event with the opportunity to join us face to face in central London and online

The course will cover all 3 types of intestinal failure:

Day 1 will cover aspects of type 1 intestinal failure including causes and prevention, refeeding, requirements, short term access, bowel obstruction, choosing a PN bag and managing metabolic complications in the short term.

Day 2 will cover aspects of type 2 intestinal failure and will focus on the management of enterocutaneous fistula and high output stomas, fistuloclysis/distal feeding, maximising enteral nutrition, pharmacology issues, management of chronic pain and dysmotility.

Day 3 will cover type 3 intestinal failure and will focus on home parenteral nutrition including the national IF network, monitoring patients on HPN, complications such as infections, metabolic and abnormal LFTs, quality of life, malignancy, intestinal rehabilitation and the patient perspective.

1-2 November CLINICAL PHARMACY CONGRESS NORTH

*Manchester
Central*

Europe's largest event for clinical pharmacy professionals now has two homes in the UK, providing two opportunities in the year to access essential clinical education and critical strategy updates via a diverse programme of keynote presentations, workshops, and interactive sessions.
