ENHANCED CURRICULUM

“At Oryx International School, we understand the importance of nurturing individual interests and fostering the holistic development of students. That's why our extracurricular activities are carefully designed to provide students with the opportunity to learn, explore, and develop new interests beyond the classroom. After an intense day of classes, these activities allow students to pursue areas of interest that go beyond the traditional curriculum.

From sports to drama, music, art, science, and much more, we offer a diverse array of options that enrich the growth and learning of your children.
