

Press Release

Oryx International School Sixth Form Students, Secure University “Offers” to the Best Universities Across the World.

Sixth Form students from Oryx International School are collecting a wide array of university study offers, to enable them to continue their studies into Higher Education at some of the world’s most prestigious universities.

Year 13 students have to date, received 25 offers to attend Russell Group Universities in the United Kingdom, as well as various offers for excellent universities across America, Canada, Europe and Asia.

Oxford University forms part of the prestigious Russell Group universities in the United Kingdom.

Sixth Form students are Oryx International School, should be incredibly proud of themselves this year, thanks to the array of University Offers that they are collecting, allowing them access to some of the world’s most prestigious Higher Education institutions.

To date, the 29 students currently studying in the school’s Year 13 cohort, have secured between them 25 offers to attend the UK’s most prestigious universities; “[Russell Group](#)”. The Russell Group’s 24 university members are world-class, research-intensive universities. These institutions are unique, in that each of them comes with its own history and ethos, but they collectively share some distinguishing characteristics that culminate in this mark of excellence.

Mr Charles Amaso, the school's Career Guidance Counsellor added,

"Our students continue to receive offers to destinations all around the world, including the UK, US, Canada, and Malaysia. While 81% of our students who applied to universities in the UK in 2024 have received offers from Russell Group universities, which is an absolutely amazing feat."

The students have achieved these incredible offers, thanks to the high scores that they have been forecast for their final Sixth Form exams this summer; A Levels. Based on the mock examinations that the students have been undertaking this year and guided closely by Mr Amaso's expertise, the students have successfully applied to join some of the world's leading higher education institutions.

In addition to the Year 13 graduating cohort, the school is also proud to congratulate some of their Year 12 cohort, who in just completing their first year of A Level studies, have too gone on to achieve university offers and will be graduating the school this year, to attend universities across the Middle East & Europe.

This achievement is particularly remarkable when looking at the diverse make-up of the cohort. The school, as it is called, is truly international. Current students are from more than 90 nationalities, with the Year 13 cohort specifically coming from more than 20 nationalities among them. Of these, only 5 students of the 29 cohort, come from English-native speaking countries, which makes this achievement even more astounding, as these students have earned places over and above thousands of other candidates, as second-language speakers.

Mr Laidlaw, Executive Principal, added

"These outstanding university offers are testament to the hard work of our students and the extremely high standards of teaching at our school. I would like to extend my heartfelt congratulations to both the students and teachers, and I look forward to following their progress at university."

Oryx International School opened its doors in 2016 and has since seen two graduating cohorts, the 2024 will be the school's third cohort to go on to win places at university. Studying under the English National Curriculum allows the students a hands-on, practical learning approach, that prepares them to face the challenges of tomorrow's society and embeds in them the school's five key values of Excellence, Respect, Responsibility, Integrity and Compassion.

About Oryx International School:

Educating nearly 2,000 students, Oryx International School delivers the best of British Education exclusively for the children of employees of Qatar Airways and its approved subsidiaries.

Owned by Qatar Airways and operated by Orbital Education, the school provides the highest standard of facilities and the best British International education in a safe, caring and welcoming environment.
