Transformation Alliance Price Plan

At SEK, we understand the unique needs and goals of the Transformation Alliance members. We are pleased to offer a comprehensive price plan tailored to support your collaborative efforts in driving positive change. This plan not only provides access to our high-quality training offerings but also offers flexible pricing options, bespoke course development, and cost-sharing opportunities to maximise your resources and achieve greater efficiency.

In addition to the price plan detailed below SEK can also:

- Develop bespoke training to meet the specific needs of members of the alliance if the 'ready to go' courses do not quite meet their requirements and needs tailoring, or a new course needs to be written. Development is priced at the Awareness course half or full day price (i.e. 2.5 days of development would cost £1,347)
- Split invoices between Alliance members to encourage cooperation, maximise resources, improve efficiency and reduce costs e.g. Supervising Mental Health First Aid L3 for 12 learners (£1,316) shared by 3 members. Member A has 5 learners (£548), Member B has 4 learners (£439) and Member C has 3 learners (£329)
- SEK can also manage the Training Matrix for Alliance members. The standard price starts at £50 per month and increases with the size of organisation but for Alliance members this will be fixed at £30 per month.
