

# NATUZYM® Ex Color

## Product Data Sheet

Date of issue: 24 September 2022

### Concentrated pectinase for berry processing

**Description:** NATUZYM® Ex Color is a pectinase preparation efficient for maceration and juice extraction of acidic red berries. NATUZYM® Ex Color enables a fast viscosity decrease of the fruit mash and a strong extraction of anthocyanins, allowing the production of colour-intensive juices and concentrates.

**Properties:** Enzyme: pectin lyase IUBMB: 4.2.2.10  
 Activity: >560 PL units/g Form: liquid  
 Density: 1.10–1.25 g/ml Colour: brown

Colour and appearance may vary from batch to batch. Colour intensity or turbidity is not an indication of enzyme activity.

**Application:** NATUZYM® Ex Color is a pectinase that has been specially developed for berry juice extraction and clarification.

**Conditions of use:** NATUZYM® Ex Color is added to the fruit during crushing. The product works at low pH and temperatures up to 60 °C.

Application	Dosage	Recommendation
Blackcurrant	150-250 g/t	1-2 h at 50-55 °C
Cranberry	150-200 g/t	
Blueberry	50-80 g/t	

**GM Status:** The product and its constituent enzymes are not genetically modified. Enzyme proteins are produced by fermentation of classical microorganisms, which are removed and not present in the final product. Only agricultural raw materials of non-genetically modified (non-GM) origin are used for the fermentation process and in the final formulation.

**Composition:** NATUZYM® Ex Color is stabilised with glycerol and contains low amounts of the preservatives sodium benzoate and potassium sorbate.

**Packaging and storage:** NATUZYM® Ex Color is available in 25 kg polyethylene drums or IBCs. The product is best stored in the original and unopened packaging under refrigerated conditions (4–8 °C) in order to retain maximum activity during storage. Under optimum conditions shelf life is 24 months.

**Safety and caution:** Enzyme products need to be handled with care. Please consult the separately available Safety Data Sheet for further information.

## Product Data Sheet

Date of issue: 24 September 2022

**Compliance and legal:** Our enzyme products are used as processing aids in the food manufacturing process and are thus free from any labelling provisions in the European Union. The product does not fall within the scope of EU regulations (EC) 1829/2003 and (EC) 1830/2003 on genetically modified food and feed.

The product is manufactured to comply with recommended purity specifications given by the Joint FAO/WHO Expert Committee on Food Additives (JECFA), and conforms with the recommended specifications of the Food Chemical Codex for food enzymes.

<b>Purity criteria:</b>	Total plate count	< 50 000 CFU per g
	Total Coliforms	< 30 CFU per g
	Yeast and moulds	< 30 CFU per g
	Salmonella	absent in 25 g
	Escherichia coli	absent in 25 g
	<b>Heavy Metals (as Pb)</b>	< 30 ppm
	Lead	< 5 ppm
	Arsenic	< 3 ppm
	Cadmium	< 0.5 ppm
	Mercury	< 0.5 ppm
<b>Special diet information:</b>	Kosher:	Certified
	Halal:	Certified
	Vegan/Vegetarian:	enzyme product or any constituents are not of animal origin

**Certification:** WeissBioTech GmbH has a certified quality management system according to ISO 9001:2015 and a certified Food Safety Management System according to FSSC 22000 incl. HACCP, which are reviewed in regular audits.
