Generally children of 7 years and up should be able to provide consent. However, good practice dictates that if they are below 14 years of age, we should also obtain consent from parents/carers.

| <b>Age of child</b> | <b>Child's consent</b>   | <b>Consent of parents/guardians</b>                |
|---------------------|--|--|
| Under 7             | No   | Yes  |
| Between 7 and 14    | Yes only if the child can fully understand what they are consenting to | Yes as a matter of course                          |
| Above 14            | As above   | Not necessary if child's consent has been obtained |
