

Your Complete Material Handling Resource for California & Nevada

Fleet Planned Maintenance

Provides minor service for every 150-200 hours and major service every 2,000 hours

When forklift fleets are not maintained regularly, they can cost you thousands of dollars in lost productivity, emissions compliance fines, and major repairs.

Keep your fleet in compliance with factory standards with **Cromer Planned Maintenance for Forklift Fleets**. If you have **over 6 forklifts** in your fleet, a Fleet Maintenance contract will provide reliability with lower service costs over time.

Most Fleet Agreement services are performed at your location and include:

- 1** Fleet audit by a Cromer representative to inventory your forklifts and set your maintenance schedule
- 2** Organize forklift service area for safety
- 3** Over 40 checks & tests run per forklift, including:
 - Mast Chain and Fork Inspection
 - Complete Ignition System Checkup
 - Cooling System Inspection
 - Check brake fluid, drive axle fluid, transmission fluid
 - Check master cylinder (fill if necessary)
 - Test service and emergency brakes, adjust
 - Test lights, alarm, steering
 - Emissions and Fuel System Inspection and Diagnostic
 - [Electric] Load test and inspect battery compartment
 - [Electric] Check & lubricate grease fittings
 - [Electric] Verify brake pedal linkage is properly adjusted (adjust if not)
 - [Electric] Test speed control/smooth acceleration
 - [Electric] Check for fault codes

While we're onsite, let us help you with:

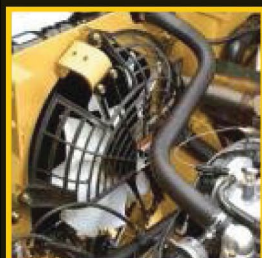

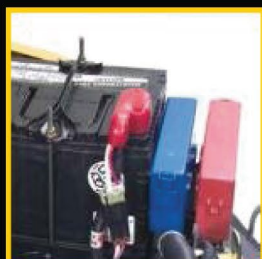

- Repair service for damaged or "aged" equipment
- Disposal of retired forklifts, batteries, and rack
- Safety training certification for forklift operators

CALL FOR A FREE NO OBLIGATION QUOTE!

All forklift types can be serviced with Cromer Fleet Planned Maintenance. Forklift rentals provided for \$100/day plus transportation (Special Fleet Maintenance Rental rate). Try a clean fuel 80-volt electric forklift while you wait!

Has it been over 150 hours since you've done preventative maintenance on your fleet? If so (or your fleet maintenance schedule is not standardized), it's time to call Cromer!
