FORKLIFT OPERATION AND SAFETY TRAIN-THE-TRAINER

Forklift Trainer Courses Available in Northern and Central California

To help our customers stay in compliance, Cromer Material Handling offers Train-the-Trainer classes at our six branches throughout Central and Northern California. Training lasts for 8 hours and covers topics related to State and Federal OSHA requirements of safe operations.

TRAINERS WILL LEARN ABOUT

This comprehensive program will teach your designated employee the latest teaching techniques for training forklift operators at your location, on your specific equipment.

- Statistical data on forklift accidents
- Federal OSHA 29 CFR Ch. XVII 1910.178 powered industrial truck regulations
- CAL/OSHA GISO 3657-3668 powered industrial truck requirements
- Complete coverage of operator training, including loading dock and warehouse safety, forklift types and their components, pre-shift inspections, design principles, operating fundamentals, recharging/refueling procedures, and more
- Forklift accident summaries
- Classroom instructor techniques
- Actual forklift operation and hands-on evaluation learning exercises, including safe operation of electric and internal combustion forklifts (rough terrain, warehouse-style counterbalanced, narrow aisle, and powered walk behinds)

TRAINERS WILL RECEIVE

- Framed Certificate
- Instructor Training and Reference Binder
- Cal OSHA Posters in English and Spanish
- Pre-Shift Inspection Checklists
- DVDs related to Class 1-5 Forklifts
- Operator's Books and Tests in English and Spanish

TRAIN-THE-TRAINER PRICING: **\$995**

Refresher courses to continue meeting OSHA's safety guidelines are also available for experienced trainers. Please contact us for rates.

REGISTER YOUR TRAINERS TODAY
