## DAKA CURVED CORNERS

ITEM NUMBER:  
LP1056RC

### SPECIFICATIONS:

- 90 degree (1/4 round)
- 45 degree (1/8 round)
- Multiple Decking Options
- Includes Connector Brackets
- Stylish
- Combine multiple 90 degree corners to create rounded ends
- Unique slip shapes
- Low Profile Docks only
- Create many layout options
- Use in lieu of straight angle

Add style and function to your DAKA Dock with these radiused corners. Place two or three of these at the end of your dock and create an eight-foot diameter round platform end. The options are endless. The 45 degree sections can be used to create slips that allow for easy docking or for just a different look than your neighbors!
