TURN: 4s

Headsup River:

Applicable content: [When to check raise rivers for value from out of position](#)

1. Leading draws..

2. Playing a hand like a bluff catcher

- What if condition logic --(what should you do if you are an against an opponent that will fire 2 barrels, but not 3, and doesn't value bet thinly at the end? when you improve to better than one pair)?

Multiway River:

1. More leading when improved because of more checking back
