Bart's tax guy for gambling: rcfox@claytontax.com

Errant tweet -- "If you gamble recreationally in 2022 and are a net loser, most likely (upwards of 90% of population) you will have \$12,950 more tax liability if single or \$25,900 if married filing jointly vs a non-gambler."

Raising in Position -- When can we do it?

- small sizing
- wide vs wide configuration
- NOT vs a large sizing
- NOT vs a narrow vs narrow configuration
