RECLAIMED SMOOTH OAK

CAROLINA CLASSIC FLOORING

Our **CAROLINA CLASSIC OAK FLOORS** are milled from old-growth timbers that are sliced and then planed smooth. The process reveals the grain of the wood and gives a more consistent texture and color to the floor than those with an original antique patina. These newly milled surfaces will still retain nail holes, knots, and small checking, along with the wonderful old-growth grain structure that lets you know the material is reclaimed.
