RECLAIMED
WOOD
OR REFINED

CAROLINA RUSTIC MANTELS feature striking antique surfaces with character and distress marks created by nature and woodworkers, along with natural aged patina.

Since these authentic reclaimed mantels have seasoned for decades, maybe centuries, they've become very stable, so additional shrinkage or warping is unlikely.

Each mantel is unique. There are many sizes and species to choose from, and we'll help you select which is right for the rustic effect you're seeking.
