## Brass Polished Unlacquered

Raw brass polished.

## Brass Polished Lacquered

Raw brass polished with a protective clear lacquer to maintain it's shine.

## Antique Brass

Raw brass is brushed, patinated in an antiquing fluid and relieved back for an antique brass look. Then is finished with a lacquer coating.

## Bronze

Raw brass is brushed, patinated in an antiquing fluid and a wax coating is applied to the metal.

## Chrome

A thin layer of chromium is electroplated to the raw brass.

## Nickel Polished

Raw brass is nickel plated and polished.

## Nickel Matte

Raw brass is nickel plated and brushed.
