## Sourcebook LIGHTING

LAURA NORMANTON  
spotlights the latest designs,  
from smart desk lamps to  
ornate hanging lanterns

### HOT DESKING

Update your home office with an attractive desk lamp such as the articulated 'Venetia' in antique copper and antique brass from **Hector Finch**. The scalloped shade was inspired by the Arts and Crafts designs of William Arthur Smith Benson; £1,530. 020 7731 8886; [hectorfinch.com](http://hectorfinch.com)

## HANG IT ALL

'Gwynn' is a beautifully balanced hanging lantern from **Jamb** in antique brass. The octagonal bell-shaped design has pierced quatrefoils in the upper fretwork, reminiscent of Gothic details, while the pagoda roof and scrolled terminals are a nod to the Chinese style popular in England during the 18th and 19th centuries. It costs £4,560. 020 7730 2122; [jamb.co.uk](http://jamb.co.uk)
