Easy Rider

With its effortless brand of California hospitality, Palisociety's newest outpost, Palihouse Santa Barbara, has settled into a 1920s Spanish Colonial blocks from the Pacific Ocean. Offering just two dozen rooms, the property is intimate and chock-full of charm. Communal areas, like this living room adjacent to the bar, combine subtle coastal elements, preppy plaids, vintage treasures and, what founder Avi Brosh calls, "American Riviera" touches. palisociety.com
