CLEANING AND MAINTENANCE INSTRUCTIONS	Metalwork: We recommend a light polish with a non-abrasive lint free cloth. Do not use any metal cleaning products on the fixture as it can remove the finish entirely. Unlacquered brass finish will patinate slowly over time and can be brightened to brass by the use of a brass cleaning agent. Fabric Shades: Wipe gently with a dry cloth or dust lightly with a feather duster. Repeat regularly to prevent the build up of dust. Regular cleaning will prevent the possibility of dust becoming ingrained. Do not let water or moisture come into contact with the shade.
