---

**CLEANING AND MAINTENANCE INSTRUCTIONS**

**Metalwork:**

We recommend a light polish with a non-abrasive lint free cloth. Do not use any metal cleaning products on the fixture as it can remove the finish entirely. Unlacquered brass finish will patinate slowly over time and can be brightened to brass by the use of a brass cleaning agent.

**Polished Lacquered Brass is not a suitable finish for exterior use. Unlacquered brass will patinate quickly and become similar to Antique Brass.**
