

Arctic researcher hunt

Our researchers are going to the UK's Arctic Research station in Svalbard. However, some may have got lost. We need you to tell them where they are to help them get back on track.

Complete the sentences to describe where each Arctic researcher is:

Key words: NNW | SSE | ENE | SSW | WNW | NE

Ceri is _ _ _ of Scotland

Nick is _ _ _ of Nigeria

Ellie is _ _ _ of Svalbard

Chloe is _ _ _ of Egypt

Helen is west of _ _ _ _ _

Jamie is north-east of _ _ _ _ _

Ceri

Nick

Ellie

Chloe

Helen

Jamie

Write the six figure grid reference of each researcher into the table

To get the first two numbers, count the squares across, and to get the second two numbers, count the squares up. This will give you four number like this: 11 _ 22 _. However, we want six-figures. To do this measure across the square. If your marker was in the centre it would be 5/10 along the bottom (eastings) and 5 along the side (northings). Therefore, your six figures would be 025 635.

Researcher	Grid reference (six numbers)
Dr Ceri Lewis Associate Professor	
Nick Cox Station Manager	
Ellie Mackay Science Communicator	
Chloe Shute Marine Researcher	
Dr Helen Findlay Marine Biologist	
Jamie Buchanan Dunlop Explorer
