

Coral food chain mobile

Details

What you need

- 5 pieces of A4 sized corrugated cardboard
- 2 pieces of dowelling, twigs or wooden skewers (with pointed ends removed) about 20cm long
- 1m of string or wool
- Paper glue
- Scissors
- Sticky tape
- Colouring crayons, pens or pencils

Introduction

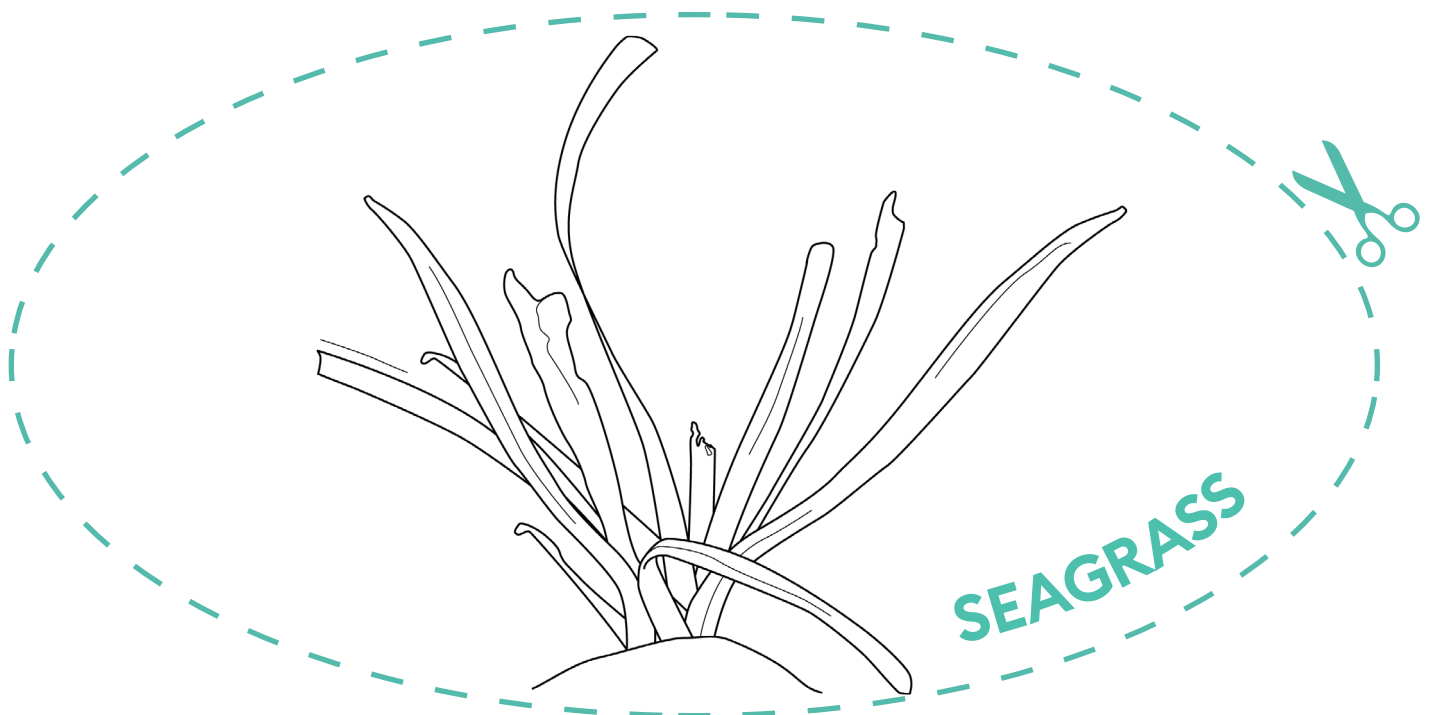

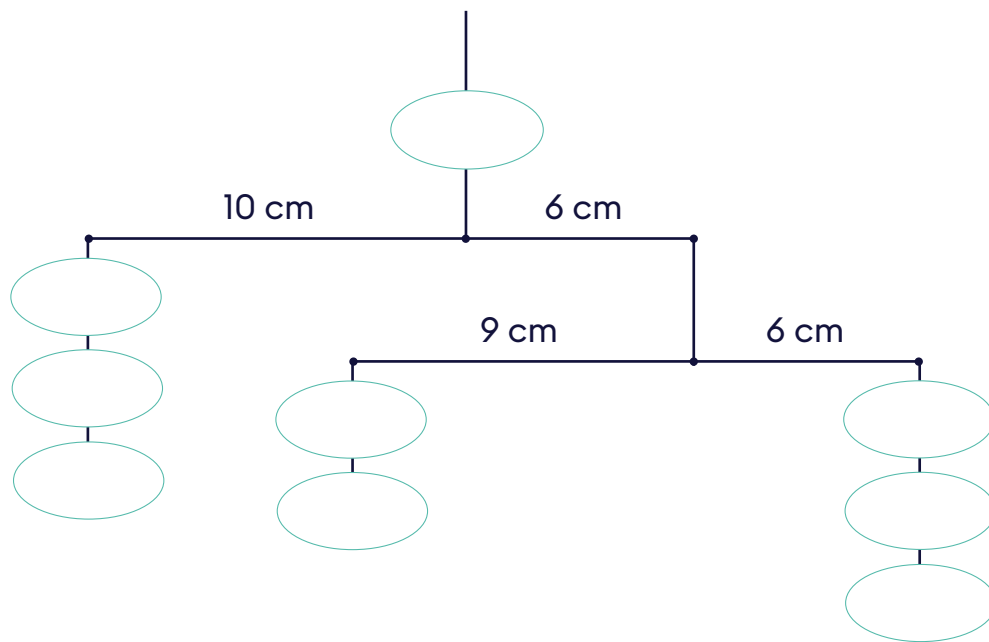

In this activity you will create a series of food chains connecting the different creatures that live on the coral reef. This will show how life in the ocean is connected.

Activity steps

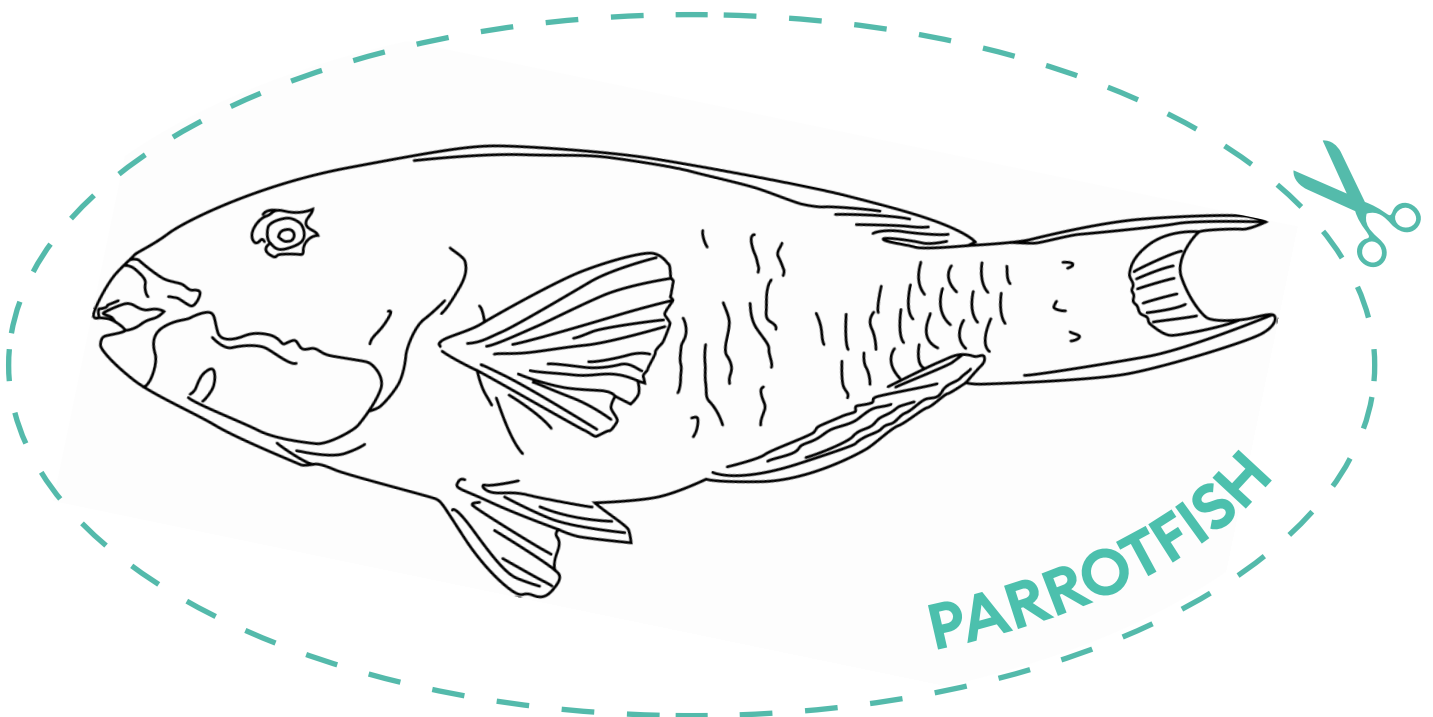

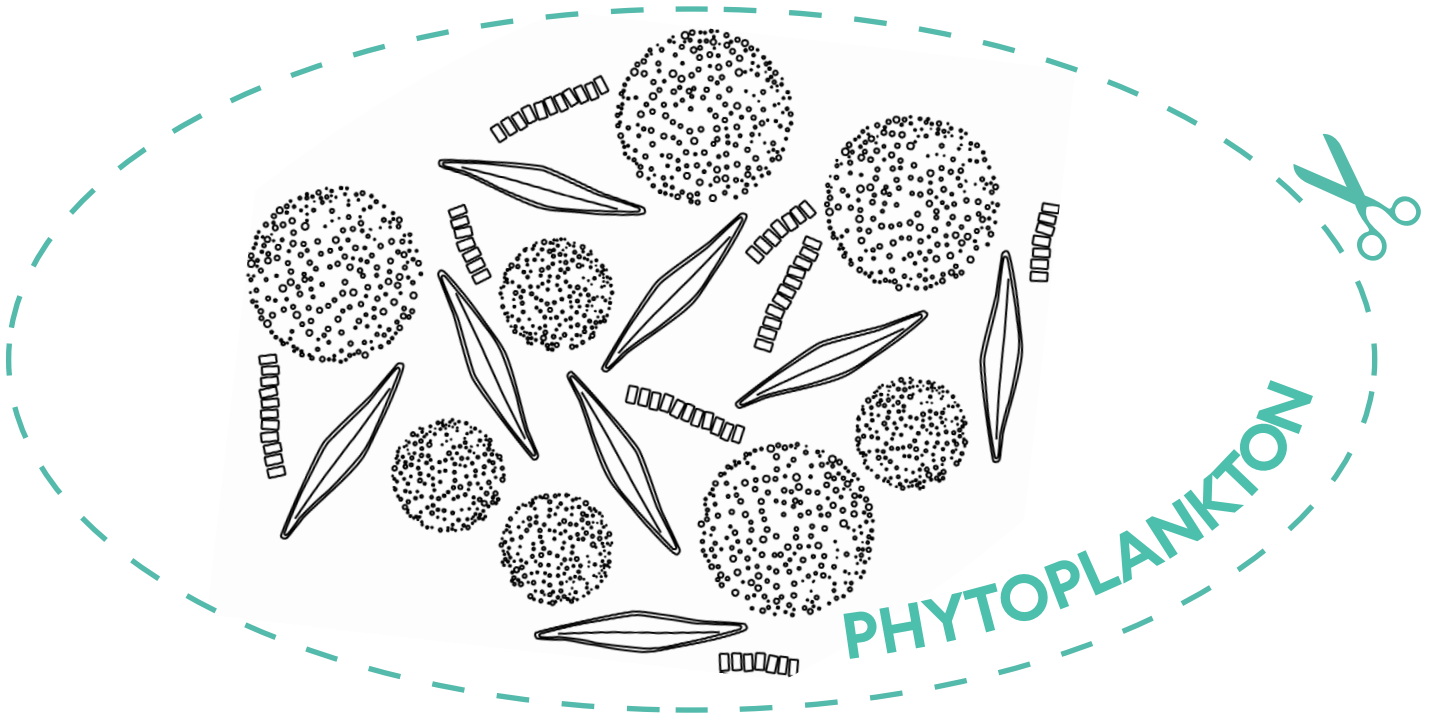

1. Colour in the pictures of the animals on the coral life cards.
2. Stick the coral life card sheet to the piece of cardboard.
3. Carefully cut out each of the cards.
4. On the back of each card, write the name of the living thing and a short description.
5. Use the template for the coral food chain mobile to help you lay out your cards.
6. Place the dowelling or twigs in the correct position.
7. Cut your string and lay between each coral life cards.
8. Once you have the right order, you can tape the string to each card and then to the dowelling or twigs.
9. Finally, remember to stick a piece of string to the sun, so you can hang your coral food chain mobile up at home.
