\$2,300	6 weeks	CompTIA Network+		High School Diploma or GED

### PROGRAM DETAILS

Now is the perfect time to gain your network certification through MedCerts IT Network Technician Online Certification & Training Program. The Network+ program builds on existing user-level knowledge and experience with personal computer operating systems and networks to present fundamental skills and concepts that students will use in any type of networking career.

Network+ Certification is the computer industry-recognized credential that certifies the competency of Network Technicians. This course prepares you for maintaining a wide range of networking technologies with the knowledge needed to compete in this growing and in-demand field internationally.

The Network+ exam is sponsored by CompTIA - the Computing Technology Industry Association and administered by Prometric. This certification program is supported by industry leaders such as Microsoft, Dell, Hewlett-Packard and Novell and backed by over 50 Major computer hardware and software manufacturers, vendors, distributors, resellers and publications.

\*This course will help prepare students for the CompTIA Network+ certification exam.

Throughout the IT Network Technician program, students will learn the skills to:

-  Manage and troubleshoot a basic network infrastructure, using common ports and networking protocols
-  Understand and apply networking technologies and basic network design principles
-  Install, configure and differentiate between common network devices
-  Install and manage wired and wireless networks, adhering to standards and using modern testing tools
-  Know how to perform proper computer safety procedures and best practices

*While MedCerts training and related target certifications may be accepted and/or approved by your state of residency, employers reserve the right to dictate pre-requisite education, experience, or certification/licensure requirements for their positions. These requirements may exclude a MedCerts graduate from eligibility. We strongly advise students to research target job posts from area employers and relevant state requirements, barriers or restrictions to ensure eligibility upon graduation.*

### CAREER SERVICES

For all MedCerts Students that are not affiliated with an employer partner, you also have the added benefit of Job Search Assistance including guidance with resume building, networking, interviewing, and job search tips.

### EXPERIENTIAL/CLINICAL COMPONENT:

Experiential/Clinical Component Requirements (not a requirement for IT-2200 IT Network Technician program) - Once students complete this program, they will be able to immediately start working with Career Services at MedCerts.

### CRIMINAL BACKGROUND CHECKS AND DRUG SCREENING POLICY:

MedCerts does not perform criminal background checks, nor do we test students for illicit drug use. Please be advised that while MedCerts does not perform these checks, the student's drug, criminal, or immunization status may prevent clinical/externship placement and future employment as a healthcare or IT professionals. Externship sites, employers, and State Boards of Pharmacy or other regulatory boards have regulations about immunizations, drug use, and criminal backgrounds. Regulatory boards, externship sites, employers, and other organizations that may require these screenings for placement, and adverse results may prohibit you from moving forward in the program. Candidates with a felony conviction are not eligible to participate in ANY MedCerts program that includes the Pharmacy Technician certification as a primary or secondary certification

The student understands that MedCerts does not hold any control over the drug, immunization, criminal, or background screening processes or policies held by any organization outside of MedCerts.

*Upon 100% completion of this program, students will receive a "MedCerts Certificate of Program Completion." This is proof of completion of training but isn't a nationally recognized certification. Students are expected to take and pass the national certification exam through the issuing authority for recognized certification in their field.*
