TUITION	DURATION	TARGET CERTIFICATION	ISSUING AUTHORITIES	REQUIREMENTS
\$4,000	11 weeks	AWS Certified Solutions Architect-Associated (CSAA) CompTIA Cloud+ (Cloud+) Customer Service Certified (CSC)	  	High School Diploma or GED 2-3 yrs. IT Network experience (recommended)

PROGRAM DETAILS

The IT-7000 Cloud Technology Professional program is recommended for experienced IT professionals looking to expand in their role, gain more earning power and demonstrate proficiency in cloud computing. As technology continues to evolve, and businesses explore new methods of doing things, it is critical that IT professionals keep pace with this evolution.

The CompTIA Cloud+ and AWS certifications are two of the most in-demand certifications required to hold a career in the cloud domain. The combination of these certifications set IT professionals apart in the field and enable higher earning power.

This program contains two courses related to Amazon Web Services. The first is AWS Essentials, designed as an introduction to the basics of the AWS platform. The Essentials course is an overview of the AWS cloud and is independent of any specific technical roles. The second course is far more comprehensive and teaches you to design resilient, high-performing, secure and cost-optimized architectures.

This program is enhanced by the CompTIA Cloud+ course, a comprehensive Cloud computing training. Customer Service is a priority in any situation where interaction occurs, so you'll learn the fundamentals by completing the Customer Service Certified (CSC) credential through the Professional Association for Customer Engagement (PACE). Upon completion, MedCerts will sponsor the cost of the Cloud+ and the AWS Certified Solutions Architect-Associate national certification exams.

CAREER SERVICES

For all MedCerts Students that are not affiliated with an employer partner, you also have the added benefit of Job Search Assistance including guidance with resume building, networking, interviewing, and job search tips.

ATTAINABLE CAREERS

- AWS Cloud Architect
- Cloud Security Expert
- Cloud Consultant
- Network Engineer
- Solutions Architect
- Engineer (DevOps)

Throughout the Cloud Technology Professional program, students will learn the skills to:

- ✔ Define a solution using architectural design principles based on customer requirements
- ✔ Provide implementation guidance based on best practices to an organization throughout the life cycle of a project.
- ✔ Demonstrate knowledge of how to architect and deploy secure and robust applications on AWS technologies.
- ✔ Analyze system requirements to successfully execute workload migrations to the cloud.
- ✔ Implement appropriate security controls given requirements
- ✔ Understand how service teams can enhance customer service

While MedCerts training and related target certifications may be accepted and/or approved by your state of residency, employers reserve the right to dictate pre-requisite education, experience, or certification/licensure requirements for their positions. These requirements may exclude a MedCerts graduate from eligibility. We strongly advise students to research target job posts from area employers and relevant state requirements, barriers or restrictions to ensure eligibility upon graduation.

TARGET CERTIFICATIONS

Certifications	Issuing Authority	Exam Details
CompTIA Cloud+	Computing Technology Industry Association (CompTIA)	75 multiple choice questions Time limit: 60 minutes
AWS Certified Solutions Architect-Associate (CSAA)	Amazon Web Services	65 total questions - either multiple choice or multiple response Time limit: 130 minutes
Customer Service Certified	Professional Association for Customer Engagement (PACE)	No Exam Required

Course Code	Title	Hours	Weeks	Course Materials (Included)
CS-1011	Customer Service Professional- Level 1	16	1	None
IT-7011	CompTIA Cloud+	48	3	eBook
IT-7012	AWS Essentials	16	1	None
IT-7013	AWS Solutions Architect Associate	96	6	eBook

EXPERIENTIAL/CLINICAL COMPONENT:

Experiential/Clinical Component Requirements (not a requirement for IT-7000 Cloud Technology Professional) - Once students complete this program, they will be able to immediately start working with Career Services at MedCerts.

CRIMINAL BACKGROUND CHECKS AND DRUG SCREENING POLICY:

MedCerts does not perform criminal background checks, nor do we test students for illicit drug use. Please be advised that while MedCerts does not perform these checks, the student's drug, criminal, or immunization status may prevent clinical/externship placement and future employment as a healthcare or IT professionals. Externship sites, employers, and State Boards of Pharmacy or other regulatory boards have regulations about immunizations, drug use, and criminal backgrounds. Regulatory boards, externship sites, employers, and other organizations that may require these screenings for placement, and adverse results may prohibit you from moving forward in the program. Candidates with a felony conviction are not eligible to participate in ANY MedCerts program that includes the Pharmacy Technician certification as a primary or secondary certification

The student understands that MedCerts does not hold any control over the drug, immunization, criminal, or background screening processes or policies held by any organization outside of MedCerts.

Upon 100% completion of this program, students will receive a "MedCerts Certificate of Program Completion." This is proof of completion of training but isn't a nationally recognized certification. Students are expected to take and pass the national certification exam through the issuing authority for recognized certification in their field.
