PROGRAM DETAILS

Surgical Techs have the unique opportunity to interact with patients prior to (pre), during (intra), and after (post) surgical procedures. The role of a surgical technician is to prepare operating rooms, arrange equipment, prepare patients, and help doctors during surgeries. Before surgery, a technician will prepare patients for surgery and assemble necessary surgical equipment. During, they provide instruments and supplies to the surgeon while maintaining asepsis. After, they transport patients to recovery, and restock the OR.

The MedCerts Surgical Technologist program provides students with immersive and virtual hands-on learning experiences that allow for demonstration of key clinical skills. Surgical procedures are demonstrated using virtual tools or live-recorded video and are simulated – allowing the student to immerse him/herself into a virtual experience that is engaging, safe, and repeatable.

This program prepares students to become Tech in Surgery – Certified (TS-C) by the National Center for Competency Testing (NCCT). Professionals who earn the TS-C designation have the clinical skills and knowledge for maintaining asepsis during surgery, anticipating the surgeon’s needs, and remaining attentive to all aspects of the surgical procedure to ensure a safe environment for the patient.

CAREER SERVICES

For all MedCerts Students that are not affiliated with an employer partner, you also have the added benefit of Job Search Assistance including guidance with resume building, networking, interviewing, and job search tips.

ATTAINABLE CAREERS

• Surgical Technologist	• Certified Scrub Technician
• Surgical Technician	• Operating Room Technician
• Travel Surgical Technician	• Surgical Assistant

Throughout the Surgical Technologist program, students will learn the skills to:

-  Maintain sterile operative fields
-  Maintain inventory of medical supplies or equipment
-  Assist healthcare practitioners during surgery
-  Prepare biological specimens for laboratory analysis
-  Sterilize medical equipment or instruments
-  Monitor patient conditions during treatments, procedures, or activities

**While MedCerts training and related target certifications may be accepted and/or approved by your state of residency, employers reserve the right to dictate pre-requisite education, experience, or certification/licensure requirements for their positions. These requirements may exclude a MedCerts graduate from eligibility. We strongly advise students to research target job posts from area employers and relevant state requirements, barriers or restrictions to ensure eligibility upon graduation.*

This program is not accepted in the following states: ID, IL, MA, NV, NY, SC, TN, TX, and VA.

TARGET CERTIFICATIONS

Certifications	Issuing Authority	Exam Details
Tech in Surgery – Certified (TS-C)	National Center for Competency Testing (NCCT)	4 Hours, 175 questions/25 pretest

Course Code	Title	Hours	Weeks	Course Materials (Included)
PS-1011	Professionalism in Allied Health	32	2	None
HI-1014	Introduction to Human Anatomy and Medical Terminology	96	6	PDF
HI-6016	Surgical Technology	160	10	eBook

EXPERIENTIAL/CLINICAL COMPONENT:

Graduates who attempt and pass the TS-C exam must complete CASE DOCUMENTATION within two (2) years of the test date. Case documentation requires a minimum of 125 surgical cases, including a minimum of 50 scrubs in general surgery; a minimum of 20 scrubs in orthopedic surgery; and a minimum of 55 scrubs in at least two of the following areas: Gynecology, Genitourinary, Cardiovascular, Neurosurgery, Obstetrics. Thoracic, Peripheral Vascular, Ophthalmology, Otorhinolaryngology, Plastic/Reconstructive, other (specify). Students are responsible for locating and securing a site to fulfill the clinical requirements of the program. MedCerts cannot guarantee placement to complete this clinical requirement.

CRIMINAL BACKGROUND CHECKS AND DRUG SCREENING POLICY:

MedCerts does not perform criminal background checks, nor do we test students for illicit drug use. Please be advised that while MedCerts does not perform these checks, the student’s drug, criminal, or immunization status may prevent clinical/externship placement and future employment as a healthcare or IT professionals. Externship sites, employers, and State Boards of Pharmacy or other regulatory boards have regulations about immunizations, drug use, and criminal backgrounds. Regulatory boards, externship sites, employers, and other organizations that may require these screenings for placement, and adverse results may prohibit you from moving forward in the program. Candidates with a felony conviction are not eligible to participate in ANY MedCerts program that includes the Pharmacy Technician certification as a primary or secondary certification

The student understands that MedCerts does not hold any control over the drug, immunization, criminal, or background screening processes or policies held by any organization outside of MedCerts.

Upon 100% completion of this program, students will receive a “MedCerts Certificate of Program Completion.” This is proof of completion of training but isn’t a nationally recognized certification. Students are expected to take and pass the national certification exam through the issuing authority for recognized certification in their field.

Please carefully review the above program specific information and contact your Student Success Advisor if you have any questions or require further clarification of the contents.
