

Single Barrel Bushel Bourbon

Granor's first Single Barrel Bourbon is bottled at cask strength, never cut with water, one barrel only. This release showcases the purest expression of grain, oak, and time.

Barrel 6 proved to be a truly exceptional bourbon with rare depth and character. Only 30 gallons were filled in 2021, then aged four years in a Michigan-made new white oak barrel, carrying forward both the flavor and history of our fields. Extremely limited availability—never to be repeated.

122 Proof | 750 mL
