

## Single Barrel Hopper Rye

*Our first Single Barrel Rye is bottled straight from the barrel, pure and uncut, a singular expression of certified organic Hazlett Rye grown at Granor. This Rye reflects both the resilience of the grain and the character of the season in which it was grown.*

*Barrel 12 is bold, balanced, and layered. A whiskey we keep returning to sip again and again. Only 53 gallons were barreled in 2021, then aged four years in a Michigan-made new white oak barrel.*

*Extremely limited availability—rare and unrepeated.*
