

## Workshops

### Decipher IDP Foundations

The hands-on training jump starts your Blue Prism Decipher IDP deployment to reduce the time to value for your automation team.

#### What is a Success Workshop?

Our workshops are role-based, hands-on training sessions that cover the most popular skills Blue Prism users need. They are delivered as described herein or customized to meet specific requirements of your team. Facilitated by a certified Blue Prism expert, your team is trained and guided in a private course dedicated to their success.

#### Why choose Decipher IDP Foundations?

This workshop is designed to build upon the solid infrastructure you've built and enhance your program by adding Blue Prism Decipher Intelligent Document Processing to the IA tech stack which will increase the type and number of automations you can deploy.

#### What to expect:

- Decipher architecture
- Document, Type and Batch Configuration
- Advanced configuration
- Classification Training, configuration, and user admin
- Decipher ML Model
- Practical Exercises
- BluePrism Process Template analysis
- Decipher best practice and uses cases analysis
- This is a 2-day workshop
- Can be delivered virtual or onsite at your offices

#### VALUE AND OUTCOMES:

- Instructor-led, hands-on guided training sessions
- Open and fluid exchange of ideas and lessons learned.
- Social interaction with other teammates during training
- Improved uptake of skills during the training session
- Faster response to student questions and direct instructor feedback on skill application
