

Probate and Estate Administration Pricing Guide

MHA Trustee and Probate Services bases its fees on the time costs involved in a particular case.

Each case will be different depending on the factors involved and will require different levels of input from the Probate Team and therefore the indicative fees below are not to be considered a fixed or pre-agreed price. We will provide a quote for the work expected to be required for the specific estate on request and stick to this as far as possible but please bear in mind that where unexpected complications arise the fees can exceed quotes, but you would be kept apprised of any such increase.

We do not quote on a % basis of the estate and do not charge 'added value' fees if the firm is acting as an executor.

There are disbursement costs which will be payable in addition to the MHA Trustee and Probate Services, such as court fees (**£300+£1.50 per copy of grant**), valuation fees, beneficiaries' bankruptcy searches (**£8.40 per UK search**) etc.

Any additional tax advisory work (such as considering the availability of IHT exemptions, liaising with assets and valuation offices etc) is charged on a time spent basis over and above any quote for the probate and estate administration work.
