†The part of the PA that is transferable to a spouse or civil partner who is not a higher or additional rate taxpayer.

**If gross income exceeds this, the limit may be deducted instead of actual expenses.

Additional rate	45%	45%	38.1%

General income (salary, pensions, business profits, rent) usually uses personal allowance, basic rate and higher rate bands before savings income (interest). Scottish taxpayers are taxed at different rates on general income (see below).

To the extent that savings income falls in the first £5,000 of the basic rate band, it is taxed at nil rather than 20%.

The PSA taxes interest at nil, where it would otherwise be taxable at 20% or 40%.

Dividends are normally taxed as the 'top slice' of income. The DA taxes the first £2,000 of dividend income at nil, rather than the rate that would otherwise apply.

Higher rate	41% 31,093 – 150,000	30,931 – 150,000
