SAINT LOUIS ZOO 2022 ANNUAL REPORT

LOOKING INTO THE THE FUTURE

THE SAINT LOUIS ZOO IS
GRATEFUL
FOR THE GENEROUS
SUPPORT PROVIDED BY
THE TAXPAYERS OF THE
CITY OF ST. LOUIS AND
ST. LOUIS COUNTY.

Amur leopard cubs

TWO
CRITICALLY ENDANGERED
AMUR LEOPARD
CUBS WERE
BORN THIS YEAR.

ANIMALS ALWAYS

When reflecting on 2022, we remember it as a year of opportunities. While last year was the closest resemblance to our lives pre-pandemic, innovation was on our minds. We are always looking for new ways we can best care for and conserve animals, grow and strengthen our operations, and better connect with our Zoo community.

Throughout this report, you'll read some of our top accomplishments from 2022 and see how we are working to create the brightest future possible.

We'd like to take this opportunity to thank the many members, donors, partners, team members and volunteers listed in these pages. Without your support and hard work, we couldn't do a fraction of all the life-changing work we do in St. Louis and around the world. Thank you for making the Zoo a better place, and thank you for believing in a world of Animals Always.

Dwight Scott
Dana Brown President & CEO
Saint Louis Zoo

Cynthia J. Brinkley
St. Louis Zoological Park Subdistrict Commission Chair

For a fee, guests can enjoy a one-of-a-kind experience by going 11 stories up in the air to take in 360-degree views of WildCare Park, the cityscape and the Missouri-Mississippi River Confluence.

GROWTH AT SAINT LOUIS ZOO CAMPUSES

While most people think of our campus in Forest Park as the central hub of activity, plenty is happening and developing at the SAINT LOUIS ZOO WILDCARE PARK in north St. Louis County, slated to open to the public in 2027, and the SAINT LOUIS ZOO SEARS LEHMANN, JR. WILDLIFE RESERVE in Franklin County. We're laying the groundwork for a new generation of animal care and conservation.

THE NEW SAFARI
EXPERIENCE WILL
INCLUDE AN
11-STORY
OBSERVATION TOWER.

In the summer of 2022, we supplied several WildCare Park updates to the St. Louis community, including that animals will begin arriving in late 2023 for a pilot pasture. Plans are in place for several species to live at WildCare Park, including giraffe, Grevy's zebra, addax, banteng, white rhino and ostrich. We also announced several guest experiences, brand new to the St. Louis region: safari experiences surrounded by herds of animals, a ride up an 11-story observation tower and giraffe feedings, to name a few. In addition, we hired our first WildCare Park keepers in 2022.

The development of WildCare Park is estimated to cost \$230 million with funding coming from a variety of sources, including philanthropy, external financing proceeds in addition to existing and future Zoo and Saint Louis Zoo Association cash reserves.

SAINT LOUIS ZOO
WILDCARE PARK

**SAINT LOUIS ZOO
SEARS LEHMANN, JR.
WILDLIFE RESERVE**

GROWTH AT SAINT LOUIS ZOO CAMPUSES

**THE WILDLIFE RESERVE
IS A 355-ACRE
NATURAL AREA LOCATED
40 MILES SOUTHWEST
OF ST. LOUIS
IN FRANKLIN COUNTY.**

In 1993, the property was donated to the Zoo by Peggy Lehmann in honor of her late husband, Sears Lehmann, Jr. Since accepting the land, the Zoo primarily preserved it as a natural site for native wildlife; however, in 2021, we announced plans to develop 20 acres of the property to help American red wolf conservation efforts. American red wolves, a species native to North America, are staring down extinction, with only about 20 remaining in the wild.

In 2022, we welcomed nine American red wolves to the property through collaboration with the U.S. Fish and Wildlife Service (USFWS) and the Association of Zoos and Aquariums' (AZA) Red Wolf Saving Animals From Extinction program. The Saint Louis Zoo WildCare Park keepers who care for the animals are as quiet around the wolves as possible. The Wildlife Reserve isn't open to the public. The privacy and quiet is for the wolves' benefit; we hope they can someday be released into the wild, and therefore we minimize human interaction with them. In addition to the partnership with the USFWS and AZA, this conservation effort is possible thanks to the Endangered Wolf Center and several generous donors.

In addition to a partnership with the Endangered Wolf Center, this conservation effort is championed by several generous donors.

Monarch butterflies
travel up to

**2,800
MILES**

from the northeast U.S.
and southeast Canada
to central Mexico, where
they spend winters.

YOU MAY HAVE HEARD
THAT ANTS LIVE IN
COLONIES, but it is
common to find one
walking around all alone.

SO, WHAT'S
IT DOING?

It's probably searching for
food and leaving a trail for
its fellow ants back home!
We care for leaf-cutter ants
at the Bayer Insectarium.

IN 2022,
16,000 ANIMALS,
REPRESENTING
500 SPECIES,
WERE CARED FOR
AT THE ZOO.

Rowley's palm pit viper

MEET ANYA & IRINA

ADULT AMUR LEOPARDS
CAN WEIGH UP TO

125
POUNDS.

THE FEMALE CUBS
WERE NAMED ANYA &
IRINA, WHICH MEAN

**GRACE &
PEACE**

IN RUSSIAN
(REFLECTING THEIR NATURAL
RANGE IN EASTERN RUSSIA).

Anya and Irina are active and curious cubs, often instigating chase and play behavior. As they became familiar with their habitat in Big Cat Country, they rapidly learned how to climb and follow mom Dot to all points of their outdoor home.

BORN

APRIL 21

CRITICALLY ENDANGERED

The Amur leopard is
considered to be facing an
extremely high risk of
extinction in the wild.

ANYA & IRINA REPRESENT
THE FIFTH LITTER OF AMUR
LEOPARDS BORN AT THE ZOO.

“WITHOUT THE
CONSERVATION EFFORT
OF ZOOS, THIS SPECIES
COULD GO EXTINCT.”

A Somali wild ass pregnancy lasts for about one year, and typically, a female gives birth to a single foal. Though the female is capable of having a new baby every year, it is more likely that she will breed once every two years. Astrid was our first new foal in three years.

**WELCOME,
ASTRID!**

PUMPKIN-HAIRED BABY
Francois' langurs are born with orange hair. The baby's stand-out color helps the adults keep track of the newborn. As they grow, their hair turns black.

A FEMALE FRANCOIS' LANGUR

RHUBARB

WAS BORN SEPT. 30, 2022.

Rhubarb is the first Francois' langur ever born at the Zoo. Her birth is important for this endangered species.

In 2022, Congress approved the

BIG CAT PUBLIC SAFETY ACT

Our Zoo joined the Association of Zoos and Aquariums (AZA) in advocating for this bill. The legislation is designed to strengthen federal law by prohibiting the possession of big cats, except by qualified entities like AZA-accredited facilities.

PENELOPE BIGGS REMEMBERED AT THE SAINT LOUIS ZOO

John and Penelope Biggs rediscovered the Zoo when they moved back to the area from New York City in 2019. Penelope was in declining health, and visiting the Zoo was one thing she still enjoyed. She had a special fondness for elephants and liked to observe Raja and our herd.

"Through difficult times, the Zoo was a bright spot for us," John said. "My son Henry and I wanted to make a gift to honor Penelope and to support the place where we've had so many special moments as a family." In April 2022, John and Penelope celebrated the dedication of "Penelope's Place" at River Camp Terrace, near the entrance to River's Edge.

Penelope passed away on Nov. 3, 2022, in her 85th year. At "Penelope's Place," we honor and remember her and her special connection to our elephants — majestic, highly intelligent, closely bonded to family and a little bit shy, just as she was.

HERITAGE SOCIETY MEMBERS:

FOREVER FRIENDS LEAVE AN ENDURING IMPACT

With gratitude, we recognize our friends who have chosen to remember the Zoo beyond their lifetimes with legacy gifts. As members of the Heritage Society, they are forever friends whose support will live on through our Endowment, benefiting the Zoo in perpetuity. We honor those no longer with us as well as those who have shared their future legacy intentions.

The bald eagle is one of America's best-known conservation successes. With the ban of herbicide DDT, habitat restoration projects and legal protection, the population made a significant comeback.

AT THE 31ST ANNUAL MARLIN PERKINS SOCIETY CELEBRATION,

we announced recipients of our 2022 Conservation Award and three other Saint Louis Zoo Awards. From left to right: Bob O’Loughlin with Lodging Hospitality Management (Corporate Award), Melissa Markwort with The Henry A. Jubel Foundation (Foundation Award), Belinda Low Mackey (Conservation Award), and Ken Johnson (Individual Award).

The Marlin Perkins Society has grown from

48 TO MORE THAN 1,300 MEMBERS

over the past 31 years and has generated MORE THAN \$38 MILLION in support for the Zoo.

**GUESTS OF ALL AGES
LEARN ABOUT WHAT
SCIENTISTS CAN GATHER
FROM FOSSILS, THEORIES
OF THE DINOSAURS'
MASS EXTINCTION AND
WAYS WE ALL CAN
SUPPORT WILDLIFE TODAY.**

OUR ADVENTURE PASS,

WHICH INCLUDES ONE-DAY ADMISSION TO DINOROARUS

AND ALL OTHER ATTRACTIONS, ACHIEVED RECORD-BREAKING

SUPPORT IN 2022: **NEARLY \$2.9 MILLION!**

**EMERSON
DINOROARUS OPENS
FOR SECOND SEASON**
With 14 groupings of
dinosaurs and play areas,
Dinoroarus was a fun
destination for guests,
welcoming nearly
444,000 people in 2022.

HARBOR SEALS CAN STAY
SUBMERGED IN WATER FOR
UP TO 30 MINUTES.
EVEN A 2-DAY-OLD PUP CAN STAY UNDER
WATER FOR UP TO TWO MINUTES.

HUMBOLDT PENGUINS LOVE THE BEACH.
Humboldt penguins live on the warmer shorelines of
Peru and Chile, unlike our other residents at
Penguin & Puffin Coast, who live in colder regions.
That's why you can find them at an outdoor habitat.

**Polar bears tend to be
solitary, except when mating
or if a female is raising cubs.**
Many ask if the Zoo's
polar bear, Kali, is lonely —
the answer is no!

**KING PENGUINS ARE THE
SECOND LARGEST PENGUIN
SPECIES; EACH WEIGHS
ABOUT 33 POUNDS AND
STANDS 3 FEET TALL.**

3 FEET

WHILE THE REAR HORN
MEASURES UP TO 22 INCHES.

MORE THAN
1 TON:
THE WEIGHT OF AN
ADULT BLACK RHINO.

ACHIEVING MILESTONES IN CONSERVATION

Saint Louis Zoo Wins Prestigious Conservation Award

The World Association of Zoos and Aquariums (WAZA) awarded us the WAZA Conservation Award for our conservation work through the Saint Louis Zoo WildCare Institute Center for Avian Health in the Galapagos Islands.

This Center and its partners developed the first avian health program in the Galapagos. Because of the relatively sheltered environment, the islands' 50 native bird species are immunologically naïve to introduced pathogens. Conservation goals are to:

- Mitigate disease threats to endemic birds;
- Protect birds from fates of other Pacific Island species, like Hawaiian honeycreepers; and
- Build local capacity to address disease threats, requiring ongoing surveillance and testing.

The team surveys pathogen levels on major islands annually and periodically takes biological samples. Samples supply information about infections and movement of birds and their pathogens. Program success depends on future conservationists. International training workshops in the Galapagos have been offered, led by

Zoo experts. The Center collaborates with local agencies and has supplied scholarships for Ecuadorians' graduate training. The Center's work inspired 30 master's theses and doctoral dissertations.

Many birds are endangered, but there's only one extinction to date. And, after 20 years of this Center's efforts, the record holds.

10,000th Hellbender Released to the Wild

The Ron and Karen Goellner Center for Hellbender Conservation, part of the Saint Louis Zoo WildCare Institute, celebrated an incredible milestone: The 10,000th Zoo-raised hellbender was released to the wilds of Missouri's Ozark Plateau. This was a historic moment for our team and partners at the Missouri Department of Conservation and U.S. Fish and Wildlife Service. The Center was also nominated for the WAZA Conservation Award.

Hellbenders are a fully aquatic salamander species. They have been part of Missouri's rivers for millions of years; however, they are now at risk of extinction. But thanks to over a decade of release efforts, Zoo advocacy and field research carried out by our Zoo team and partners, the future is looking brighter for this Missouri native.

Hellbender populations are threatened by stream impoundments, pollution and siltation (when water becomes dirty from fine mineral particles). Over the past 40 years, the populations in Missouri have experienced drastic 70% declines.

The relatively sheltered Pacific environment that protects the Galapagos Islands' birds also makes them immunologically naïve and vulnerable to introduced pathogens.

We celebrated some of our Zoo's BIGGEST CONSERVATION WINS

in 2022, thanks to years of hard work and originality. In many ways, our teams and partners were innovators who set the stage for future conservation efforts for these endangered species and ecosystems.

THE WILDCARE INSTITUTE AND ITS PARTNERS DEVELOPED THE FIRST AVIAN HEALTH PROGRAM IN THE GALAPAGOS.

OVER 10,000 HELLBENDERS HAVE BEEN RELEASED INTO RIVERS AROUND MISSOURI.

LIKE A HUMAN
FINGERPRINT,
**ZEBRA
STRIPES**
ARE
UNIQUE
TO EACH
ZEBRA.

**GAZELLES AND
THEIR GIANT LEAPS**
Gazelles can sometimes
be seen “jumping” in the air
with all four hooves off the
ground at once.
This is called stotting.

**TRANSCASPIAN
URIALS ARE A TYPE
OF MOUFLON,
OR WILD SHEEP, AND
THE ANCESTORS OF
DOMESTICATED SHEEP.
MALES ARE REFERRED
TO AS RAMS.**

REMEMBERING LEE AND LONNIE WALLACE

Mahon B. Wallace, III, also fondly known as Lonnie, added colorful wisdom at the many Zoo events, board and committee meetings he attended during his five decades of volunteer leadership. Lonnie and his wife Lee loved the Zoo, as evidenced by their contributions of time, talent, financial and tangible gifts. Lee Renfrew Wallace was known for her charm and gracious manner. We miss these dear friends; Lonnie passed away in 2019, and Lee in 2022.

The Wallaces supported the Zoo as annual Marlin Perkins Society members since the program's start. They also are Heritage Society members, planning a bequest through a charitable remainder trust. Their trust gift mirrored their generous lifetime giving — an extraordinary bequest of \$1.8 million for the Zoo Endowment. Their last gift to the Zoo represents the Wallaces' vote of confidence for the Zoo's work to conserve animals and their habitats.

FALL FESTIVITIES TO REMEMBER
October was full of sunshine and fall fun at the Zoo. Guests clinked their Zootoberfest beer steins with their favorite brews, which sold by the thousands.

The four days of Zootoberfest welcomed over 60,000 guests. Shortly following was Boo at the Zoo presented by SSM Health Cardinal Glennon Children's Hospital, which was our most successful Boo at the Zoo event to date (nearly \$1.5 million in revenue).

were performed on the
whole group of radiated tortoises
before some were released
back into their native habitat.

Staff from the Saint Louis Zoo traveled to southern Madagascar to perform health evaluations of critically endangered radiated tortoises slated to be released back into the wild.

IN-PERSON ZOO CAMP RETURNED!

Many animals need browse, or tree trimmings, as part of their diet. Our Animal Nutrition team processed **OVER 12.3 TONS** of browse for the animals in 2022, ensuring their nutritional needs were met.

Joey's around the greater St. Louis region jumped for joy as Zoo camps opened for in-person programs. **CAMP KANGAZOO**, our program for kids in second through sixth grades and our most popular camp program, welcomed nearly **600 CAMPERS** in the summer.

ADVENTURES AT EVERY CORNER

— 64 —

COLORFUL HAND-CARVED WOODEN ANIMALS, are featured at the CONSERVATION CAROUSEL.

There's lots to do at the Zoo in addition to seeing animal habitats. Here's a snapshot of some of the Zoo's beloved attractions.

TRACKING SMILES

AT THE EMERSON ZOOLINE RAILROAD

The Zooline Railroad began with "The Spirit of St. Louis" locomotive; the family later grew to include the #45, Daniel Boone (1991); #46, Pierre Laclede (1993); #47, Lewis & Clark (1995); #48, Ulysses S. Grant (1998); #49, Charlton Tandy (1999); and #100, Emerson (2010).

SPLASHING WITH STINGRAYS AND SHARKS AT STINGRAYS AT CARIBBEAN COVE PRESENTED BY SSM HEALTH

This habitat is home to southern stingrays, cownose stingrays and bamboo sharks. Guests can visit these aquatic animals in the spring, summer and early fall.

STOMPING AROUND

Guests can learn, engage in play, plus participate in dino dig and dino magnetic wall activities at EMERSON DINOROARUS.

FLIPPIN' FUN AT THE SEA LION SHOW

While on stage with the animals, Zoo trainers explain California sea lion behavior, positive-reinforcement training, animal facts and the need for conserving the sea lions' ocean habitat.

WE WOULDN'T BE ABLE TO MOVE FORWARD WITHOUT THE HELP OF OUR VOLUNTEERS

30 CHEERS FOR 30 YEARS!

Raja was born on Dec. 27, 1992.

He's the father of three female calves at the Zoo: Maliha, Jade and Priya.

HAPPY 30TH!

Western lowland gorillas are large and powerful. Males are bigger than females, sometimes reaching

500 POUNDS.

Males have exaggerated canine teeth, which allow them to protect their troop from rival males and predators.

IMPORTANCE OF ENRICHMENT

Participating in enrichment activities — like pouncing on a ball — is essential for animals' well-being. Depending on the species, enrichment may include puzzle feeders, buckets, scents or bubbles. Enrichment encourages animals' curiosity and natural behaviors.

“MY GRANDPA WORKS AT THE ZOO”

Pat and Beth Moore are longtime supporters of the Zoo. Both Pat and Beth believe in building community and are very proud of the fact that St. Louis is home to a world-class, admission-free zoo. For over a decade, Pat and Beth have been involved at the Zoo. Pat is a key Zoo volunteer leader and is currently serving his third term on the Saint Louis Zoo Association Board. Pat is also a current member of the Conservation Council and was chair of the Wildlife Conservation Committee for the Zoo’s Connect, Create, Conserve strategic plan.

Pat and Beth’s daughter, Erin Moore, is following in her parents’ footsteps. She recently spearheaded a Zoo animal enrichment fundraiser with her students at the Rossman School. Erin shared, “If you ask the grandchildren what their grandpa does, they will tell you, ‘My grandpa works at the Zoo!’”

GUEREZA COLOBUS MONKEYS

These monkeys live in groups of up to 15, generally comprised of one adult male, several adult females and their offspring. A female will give birth to one baby at a time.

SAINT LOUIS ZOO 2022 FINANCIALS

The Saint Louis Zoo's total net position in 2022 grew 0.5% compared to 2021, from \$336 million to \$337.6 million. The Zoo saw a \$38 million decrease in total revenue when compared to 2021, with investment income and contribution revenue showing large decreases. The Zoo managed its financial resources with integrity and accountability, while remaining transparent in all financial statements.

In November 2022, the Zoo issued approximately \$141 million in tax-exempt revenue bonds. Proceeds from this transaction resulted in a \$120 million project fund that will help fund the construction of Saint Louis Zoo WildCare Park as well as approximately \$21 million that will be used to fund the first three years of interest payments.

In 2022, the Zoo recorded 2.4 million in guest attendance, which is 133,100 more than 2021. This growth was the result of ending required free, timed-ticket guest reservations and ideal weather in October and November.

Guest spending averaged \$15.20 per person in 2022. This represents a \$0.10, or 0.7%, decrease over the previous year.

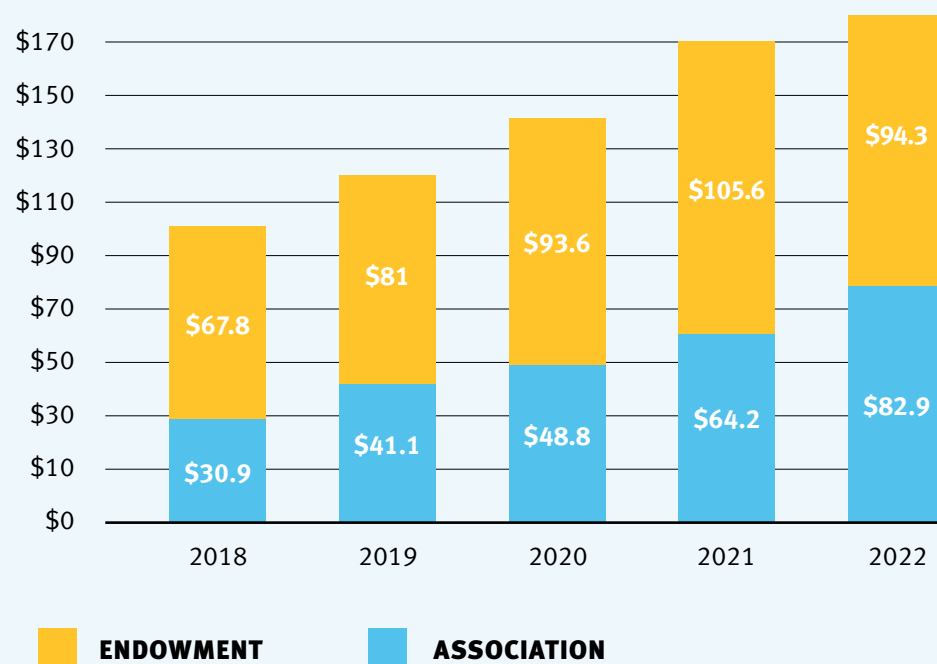

Investment Portfolio

The Zoo has always been a prudent steward of its investments, which include a diversified mix of money market funds, certificates of deposit, corporate notes, mutual funds, common stocks and U.S. government and agency obligations, plus alternative investment funds. As of Dec. 31, 2022, the Saint Louis Zoo Association's portfolio totaled \$177.2 million, which represents a \$6 million increase since Dec. 31, 2021. The Zoo's assets were split – the Association portfolio was valued at \$82.9 million and the Endowment at \$94.3 million (see chart below).

As of Dec. 31, 2022, the Association's non-endowment portfolio had \$68.5 million invested in the short-term pool (which includes \$64.7 million in cash) and \$14.3 million in the long-term pool. The asset allocation of the long-term pool is 77% capital appreciation and 23% capital preservation.

This year's investment returns were negative due to poor performances by all market sectors throughout the year, including both domestic and international equities, as well as bond markets. Association net cash flows increased \$20.4 million with losses of \$1.8 million; Endowment cash flow increased \$0.3 million with losses of \$11.6 million.

NET CASH AND INVESTMENTS IN MILLIONS \$177.2

Grizzly bears have a large mass of muscle atop their shoulders and behind their neck. Their muscle and their size (they can weigh up to 1,400 pounds) gives them exceptional strength, ability and protection.

2022 Revenues

In 2022, total revenue decreased \$37.8 million, or 28%, compared to 2021 revenue. This decrease was mainly due to the markets experiencing extreme volatility during 2022 and the Zoo receiving the Shuttered Venue Operators Grant (SVOG) in 2021. Guest revenue was up by \$1.6 million due to record-setting earned income in May and then again in October due to ideal weather conditions.

Tax support increased by 8.7% compared to 2021, mainly because of additional property tax and sales tax revenue. Tax revenue contributed \$51.8 million, representing 52.6% of the Zoo's total revenue. The 2022 property tax rate increased to 7.21 cents per \$100 of assessed property value, up from 7.01 cents in 2021. This increase in the property tax rate and higher property assessments resulted in growth of \$2.3 million. The Zoo also received funds from the state of Missouri at a sales tax rate of one-eighth of one-cent for sales in St. Louis County. In 2022, the sales tax revenue was \$25.1 million, an enhancement of \$1.8 million above 2021.

Total contributions (including grant revenue) to the Zoo in 2022 were \$27.7 million, which was \$13.3 million less than 2021. The main factor driving this decrease was the \$10 million SVOG that was awarded in 2021, combined with a \$980,814 decrease in Restricted Contributions – Programs/Capital. These decreases were partially offset by membership dues and Zoo Parents Program revenue, which grew by \$244,540, and Marlin Perkins Society revenue, which increased by \$83,921 due to more members and renewals at the President's Circle and Steward's Circle levels.

2022 REVENUE IN THOUSANDS OF DOLLARS **\$98,402**

● Tax Revenue	\$51,751	● Contributions	\$27,693
● Guest Revenue	\$31,960	● Investments	(\$13,003)

2021 REVENUE IN THOUSANDS OF DOLLARS **\$136,234**

● Tax Revenue	\$47,593	● Contributions	\$41,035
● Guest Revenue	\$30,349	● Investments	\$17,257

2022 Expenses

The Zoo's operating expenses of \$96.7 million increased 19% from 2021. This increase was the result of higher salaries, fringe benefits, cost of sales, other operating expenditures, major expenses (including the collapse of the Zoo's Distribution Center roof) and the addition of the bond issuance expense. Salaries grew by \$3.9 million, or 12%, due to new positions, the restoration of "frozen" positions from 2020 (a result of the COVID-19 pandemic) that were filled in mid-2021, annual merit increases and higher hourly starting rates.

Fringe benefits grew by \$5.3 million from 2021. This was mostly attributable to the year-end pension liability adjustment, which was \$4.1 million higher than in 2021. The remaining variance from the previous year is the increased expenses associated with the higher salaries.

In 2022, other operating expenses increased by \$702,073 due to increases in many categories, including pledge discount expenses, payroll processing, small machinery and equipment, professional development, travel and legal. Major expenses increased by \$953,271, mainly due to expenses associated with water damage and the collapse of the Zoo's Distribution Center roof after historic rainfall at the end of July. There also was the cost of issuing the 2022 series tax-exempt revenue bonds, completed in November 2022. The Zoo posted \$799,621 in net interest expense for the remainder of the year.

Cost of sales expenditures fluctuate based on food service and retail revenue and increased by \$897,214 due to higher revenues, inflation and supply chain issues. Depreciation increased by \$404,350 due to the addition of numerous smaller projects that were completed in 2022.

2022 EXPENSES IN THOUSANDS OF DOLLARS **\$96,738**

● Salaries and Benefits	\$53,213	● Animal Food and Purchases	\$1,386
● Other Operating Expenses	\$28,805	● Depreciation	\$12,095
● Conservation and Research	\$1,239		

2021 EXPENSES IN THOUSANDS OF DOLLARS **\$81,540**

● Salaries and Benefits	\$44,062	● Animal Food and Purchases	\$1,331
● Other Operating Expenses	\$24,501	● Depreciation	\$10,891
● Conservation and Research	\$755		

Construction & Planning at Zoo Campuses

In 2022, work continued on the Saint Louis Zoo WildCare Park site in north St. Louis County. This included master planning and design work, constructing the perimeter fence, animal barn design and construction, and purchasing equipment and vehicles. Also in 2022, construction was completed on the permanent Life Support Systems building for Stingrays at Caribbean Cove. Lastly, in November, the Zoo welcomed

American red wolves to the Saint Louis Zoo Sears Lehmann, Jr. Wildlife Reserve in Franklin County. This project involved constructing naturalistic habitats to house American red wolves. The wolves will live and breed in this private, protected natural setting. This property is not accessible to the public.

Conclusion

In 2022, the Zoo recorded an increase in total net position of \$1.7 million, primarily due to

increased property tax revenue, sales tax revenue and guest revenue.

The Zoo's dedicated group of supporters, volunteers and team members provide the best possible experience for guests, which in turn helps the Zoo in its commitment to conservation, research and education.

The Zoo's audited financial statements are available to any interested parties through the Office of the Dana Brown President & CEO.

In 2022, the Zoo recorded an increase in total net position of

\$1.7 MILLION,

primarily due to increased property tax revenue, sales tax revenue and guest revenue.
