For over 20 years, Friends of the Riverfront has been a pioneering organization, working to protect and restore access to the Pittsburgh region's rivers and riverfronts. We have been involved in creating over 24 miles of Three Rivers Heritage Trail and a Three Rivers Water Trail for recreational cyclists, hikers, rollerbladers, paddlers, and commuters. Through continued collaboration with community partners, government officials, and a diverse volunteer base, our rivers and riverfronts have been transformed from industrial wastelands to international examples of environmental renewal.

### What we do:

- Land trail development
- Water trail development
- Trail care and stewardship
- Events, activities, and publications to promote land and water trails

Friends of the Riverfront provides this Map & Guide free of charge so that everyone can take advantage of the Three Rivers Heritage Trail and adjacent amenities.

The Three Rivers Water Trail Map & Guide is also available by request and online at: [friendsoftheriverfront.org/trails/three-rivers-water-trail](http://friendsoftheriverfront.org/trails/three-rivers-water-trail)

### Trail Connections

The Three Rivers Heritage Trail offers a nearly complete public route on both sides of all three rivers in Pittsburgh and Allegheny County. Over 30 miles of additional trail are in planning or development phases. The Three Rivers Heritage Trail also connects to many regional trails and trail networks like the Great Allegheny Passage (GAP), the developing Erie-to-Pittsburgh Trail, and the Pittsburgh to Harrisburg Main Line Canal Greenway.
