Why Trails Matter - World Trails Film Festival North American Premiere at International Trails Summit

This event is part of the International Trails Summit (ITS), the world's largest trail industry conference, co-hosted by American Trails and the Professional TrailBuilders Association, featuring the World Trails Network - Hub for the Americas.

The World Trails Film Festival will hold its North American public premiere starting on Tuesday, April 18 with a free showing for ITS attendees, followed by a ticketed event open to
the public on Thursday, April 20 at the Nugget Casino Celebrity Showroom in Reno, Nevada. Previous showings of the festival, also known as Trails Film, have occurred in Skiathos, Greece, Taipei City, Taiwan, and Santiago de Compostela, Spain. All films include English subtitles. View the film trailer here.

Tickets for the public Film Festival cost $15 (purchase here) and will benefit the Truckee Meadows Parks Foundation. Or register for ITS here to attend the free ITS attendee event! Both events will feature different films for the different audiences. A cash bar, chips, and popcorn will be available for purchase.
