You + Transportation = \$\$\$\$\$

- **Knowing your transportation teammates can accelerate your trail development, especially for urban trails**
- **In Portland, OR \$2.8 million is spent each year on trails with transportation funds**
- **Double what Oregon will get in RTP funds statewide**
- **Still this is less than 10% of potential flexible funds (\$25 million) & a mere fraction of the \$630 million available in the region.**
