Introducing Our Newest Funding Opportunity, the Legacy Trails Program!

American Trails is excited to introduce our newest funding opportunity. The goal of the program is to support projects that restore, protect, and maintain crucial watersheds on our national forests and grasslands. American Trails is administering this grant program with awards up to $100K per project.

The program opens to applications in early October.

**Glossary of Trail Terms: Your Guide to Trail, Greenway, and Outdoor Recreation Terms**

The terms are listed in alphabetical order so definitions of interest can be found quickly. The definitions clearly point to the intersection of trails and greenway work with numerous other disciplines and professions. We think that everyone involved with trails and greenway development will find that this is not just a useful list of terms. Spending some time with this list will provide education about the
various professions and their terminology. Find out more ➞
