

## Optional Accessories

### Love of Sewing Membership - #BLCJ-LOSM

The Love of Sewing Membership will help you get the most out of your Baby Lock Crown Jewel III quilting machine. Enjoy four years of unlimited access to sewing tutorials, comprehensive service and unique savings.

### Micro Handles - #BLJ18-MH

The Micro Handles are the perfect accessory for micro-stippling and close-up work. With fully integrated, built-in buttons, these comfort-grip handles allow you to work with precision and ease. They are adjustable front to back, as well as up and down, so you can place the handles as close to the needle as you wish. Plus, illuminate all of your detailed stitching with the additional LED light.

### Pearl Frame - #BLQF

From its height-adjustable legs to the simple assembly and snap-in rail system, the Baby Lock Pearl Frame is the perfect accompaniment to the Crown Jewel II. The work area is also adjustable—you can work with a 5' workspace or increase it to 10' for larger projects. Add the 2' extension table for even more length. Plus, the Pearl Frame is made entirely of solid-steel tubing, providing maximum support for all quilting projects. With a stable, sizable frame, you can focus on creating precise, beautiful stitches and finishing quilts at a professional level.

## Optional Accessories

### Pro-Stitcher Quilting Software System - #BLPS3

Fits Models BLCJ18-3, BLCJ18-2, BLCJ18

You'll love the show-level precision and quality you can achieve with the Baby Lock Pro-Stitcher Quilting Software. No extra PC is required; Pro-Stitcher comes with its own. Create quilt designs with various customization options. Merge, duplicate, crop and fit designs in multi-point shapes. Even create unique pantograph designs by wrapping and staggering a continuous pattern. Plus, the built-in Art & Stitch program lets you edit and create custom quilt patterns. When you're ready to switch back to free-motion quilting, it's easy to disengage Pro-Stitcher quilting software.

### Quilter's Creative Touch Software & Quilt Motion Software Combo Package - #BLCJ18-QMQCTS

Fits Models BLCJ18-3, BLCJ18-2, BLCJ18

Explore new creative options with the Quilter's Creative Touch & Quilt Motion Software Combo. You'll be able to quickly create an overall quilt pattern and quilt it with ease. This software guides you on where to start, when to roll the fabric and more. You can also split large patterns you love and import TrueType fonts for use on any project. All the ease and functionality of the original QuiltMotion system, including the original 300 built-in designs, is also in Quilt's Creative Touch Software.

- Requires QuiltMotion Software and tablet or computer with Windows 7 or 8 operating system
- Upgrade available for current Quilter's Creative Touch tablet owners

### Quilter's Creative Touch Software - #BLQL

Fits Models BLCJ18-3, BLCJ18-2, BLCJ18

If you already have Quilt Motion and want to do more with your quilts, upgrade to Quilter's Creative Touch. Quickly create overall quilt patterns for customized projects, split large patterns and import TrueType fonts.

# Crown Jewel III

18-inch Longarm Quilting Machine

**baby lock**

FOR THE LOVE OF SEWING

## Presenting the Crown Jewel III and Momentum Frame

I know that the Baby Lock Crown Jewel III is a finely tuned instrument, and now I can get up to 6" of extra quilting space when I pair it with the Momentum frame. The pair makes a truly moving duet.

That's because the Momentum moves in sync with me as I quilt, maintaining my quiltable area. The Crown Jewel III's extra throat space, along with its user-friendly features and customizable options at my fingertips, make every quilt easier to finish.

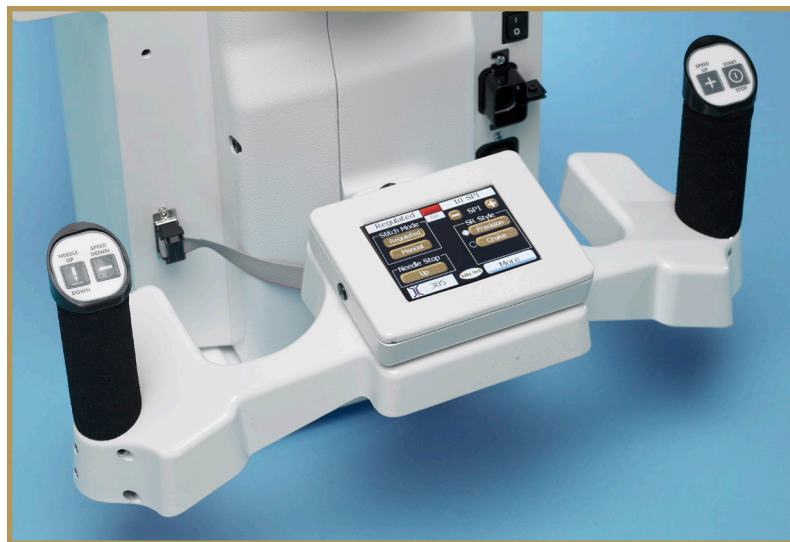

For the love of sewing.

*Kay M. Capps Cross*  
Author, Designer, Teacher

### 18" Workspace

As a longarm machine, the Crown Jewel III's larger workspace allows you to stitch freely without worrying about limitations.

### Back and Front Handles

Effortlessly control the motion of the Crown Jewel III from either end of the machine with the comfort-grip handles. Options are right at your fingertips with push-button controls. Change the stitching speed, start and stop the Crown Jewel III, or place the needle up or down with buttons directly built into the handles.

### LCD Display

Set and easily read Stitch Control Features with the large, color LCD displays on both ends of the machine. Change settings, lighting and speed with minimal scrolling. You can set your preferred needle speed for the Manual Stitch Mode. Plus, a digital readout allows you to monitor upper thread tension settings.

### Built-In Stitch Regulator

Stitching has never been smoother than with the Crown Jewel III. The Precision Stitch mode allows you to make hard pauses without interruption and regulates the selected stitch length.

The Cruise Stitch regulated mode allows the needle to immediately begin stitching at the precise speed chosen while regulating your stitch length.

### Large "M" Class Bobbin

Enjoy fewer bobbin changes with the largest bobbins available in quilting (up to 40% larger than a standard bobbin). Plus, the low bobbin estimator warns you before your bobbin runs out. And with the variable speeds on the electric bobbin winder, you can easily wind thread of different types and weights.

## New Momentum Quilt Frame—Moves With You

Enjoy accurate, more efficient quilting when you use the Baby Lock Momentum quilt frame. This unique frame moves with you as you quilt to give you up to six inches of extra space. The bulk of your quilt will move out of the way, making it easier to stitch continuous designs and finish your quilt. This patent-pending gliding system is only available through Baby Lock.

The Momentum can be set up as a 5' or 10' frame, and an optional 2' extension is available. The entire frame is made of steel tubing, and the legs are adjustable so you can always quilt comfortably on a secure surface.

## Crown Jewel III Features and Specifications

### Technical Features

- 18" wide workspace to right of needle x 8.25" high
- Stitch Control Features for perfectly balanced stitches
  - 1/4" Hopping foot holds down the fabric while the needle completes the stitch
  - Needle bar stroke = 35.3mm
  - Hopping foot stroke/lift = 5mm
- Manual Stitch Mode allows manual operation of the machine at a pre-selected needle speed
- Stitch Regulator is built-in and regulates your selected stitch length from 4 to 18 stitches per inch
  - Precision Stitch regulated mode follows your lead and is best for ruler work and tracing patterns
  - Cruise Stitch regulated mode allows the needle to immediately begin stitching at the percent speed chosen
- Quick-Set Tension makes setting upper thread tensions and remembering tension settings easier
- Automatic Needle Positioning:
  - Needle Up/Down
  - Full Stitch and Half Stitch - programs the needle to take a half stitch or full stitch when the needle up/down button is pressed
- Basting options in both Cruise and Precision modes allow you to baste layers every 1/2", 1", 2" or 4"
  - Walking Stitch for tie off stitches at the beginning and end of quilting
  - Maximum sewing speed of 2,200 spm
  - Save your preferred speed settings with three customizable presets
- Front and Back Handles for easy control and less fatigue
  - Provides control from 2 sides of the machine
  - Easy-to-reach rubber grips for comfort
- Handle Bar Control Buttons at your fingertips
  - Needle Up/Down
  - Start/Stop
  - Speed Up
  - Speed Down
- Large, color LCD Display shows:
  - Stitch Regulator and Manual modes
  - Multiple LED Lighting options
  - Memory settings
  - Needle speed
  - Alarm mode
  - Calculator
  - Timers
  - Program settings
  - Stitch counters
  - Diagnostics
  - Low bobbin estimator
  - Front Power Switch for easy access
  - Uses 134R system, slight ball point needle
  - High-speed rotary hook
  - "M" Class Bobbin
    - Low bobbin estimator warns you when you are running low on bobbin thread
    - Store three bobbin thread capacity settings based on your preferred thread
  - External electric bobbin winder with variable speeds lets you wind your own "M" bobbins with personally selected threads
  - Laser light stylus for ease in following pantographs from front or back of machine
  - Two Timers
    - Reminder can be set to alarm after a period of time
    - Project timer tracks time spent on a quilt project
  - Lighting

- Integrated high intensity natural-color LED lights on front handle bar (12 light clusters x 3LED/cluster = 36 LED lights & 4 UV Lights x 3 LED/cluster = 12 UV LED Lights)
- Ability to add up to 8 more clusters
- Can use patterns, stencils, threads, 1/4" thick rulers and templates that commercial quilters use

### Additional Information

- 4 Languages (English, Spanish, French, German)
- Quiet/smooth operation
  - Solid cast aluminum construction
  - Internal DC motor
- Machine weight with handles - 68 lbs.
- Made in the U.S.A. of globally sourced parts
- Warranty: 10-year casting parts, 5-year parts, 5-year circuit boards, 5-year electrical, 90-day labor
- Ask your Baby Lock Retailer about machine maintenance programs

### Included Accessories

- Carriage with encoders for Pearl or Momentum Frame
- Electronic bobbin winder with variable speed
- Laser light and clamp
- Other Accessories:
  - 5 "M" size metal bobbins
  - Interchangeable Open Toe Hopping Foot
  - 2 packs of needles (size 16 and 18)
  - Thread mast and washers
  - Oiler
  - Wrenches and screwdrivers
  - Cleaning brush
  - Instruction manual

### Optional Accessories
