

PREMIER+[™]2

Creativity With Precision Embroidery System

Windows® and Mac® Compatibility

Would you like to use your software on both a Windows® and Mac® operating system? PREMIER $+^{m} 2$ is designed to work perfectly on both systems, so there is no need to pay for two versions of software.

No Dongle

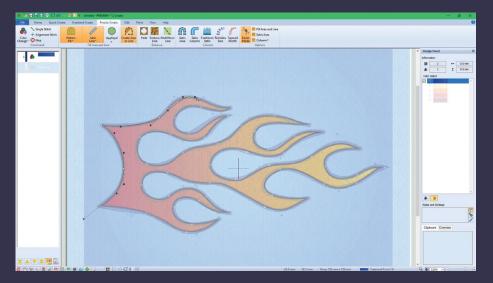

Enjoy the independence you will have once you switch to PREMIER+™ 2. Run your software on two computers without needing any extra hardware attached to your computer. Hardware dongles are now a thing of the past.

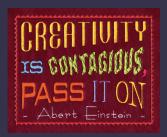

Word Sculpt

Truly unique word art embroidery is easier than ever with our new Word Sculpt Wizard*. Let PREMIER $+^{\text{TM}}$ 2 help you through every step of the process. You can choose from a variety of shapes to fill with your own words.

Bezier Curves

Want more power and control when creating embroidery designs? The Bezier Curve Tool will give you the precision that is used in most professional illustration programs to give you the power to execute your designs to perfection.

Font Manager

Font Manager is an easy and convenient way to have complete control over your embroidery fonts. You will have the ability to create, search, rename, delete, and add purchased fonts in your software.
