Sew Comfortably!

Auto Needle Threader

The needle threader easily threads the needle and allows you to start sewing quickly.

Start/Stop Button

The color of the Start / Stop button indicates the status of the machine.

- [Green]** Ready to start or while sewing
- [Red]** Not ready to start
- [Orange]** In bobbin winding condition

Reverse Stitch, Reinforcement Stitch

HZL-H series can sew a lock stitch at the beginning and end of sewing. There are two types of lock stitch, reverse stitch and reinforcement stitch.

Direct Pattern Selection

There are 6 types of stitch patterns, from which you can choose one by directly pushing the pattern button.

Sew Firm!

Needle Up/Down Position Button

Press the button to change up/down position of needle instantly. Also you can change needle stop position and can even sew a half stitch.

Buttonhole

HZL-H series sews the buttonhole automatically according to the size of the button.

Presser Foot Pressure

When sewing thin or thick fabrics, you can get comfortable feed.
