TONGUE AND GROOVE FENCING

About This Case Study

The client wanting to replace an overgrown boundary that looked unsightly and blocked out light, R & J Fencing and Landscapes recommended removing all the trees and shrubs, re turfing and putting back Tongue and Groove Fence Panels fixed between concrete posts.

PRODUCT USED

Tongue & Groove fence panels
Concrete fence posts

All product was supplied by G & MB Manning in Chesham.

Tongue and Groove Fence Panels are a new addition to the product range offering a more decorative, high quality appearance from a truly sturdy, robust and secure fence panel.

The panels are fixed between a concrete post for a clean, contemporary finish that will not require any maintenance for many years to come. The system comprises fence posts and gravel boards that help prevent moisture being drawn up from the ground into the fence panel.
