## EXPERIENCE

### **Xj Home Improvement and Landscaping, Saint Mary's, Ohio — *Owner of Small Business***

March 2023 - August 2023

Effectively provided services solely to the local community where a handyman was needed. Projects ranged from small to large, such as installing a spouting/gutter to a shed or power washing a two-story home with a rental crane lift.

### **Schweiterman's Dairy Farm, Marion Local, Ohio — *Dairy Farmer***

August 2021 - May 2022

February 2023 - May 2023

Managed over 300 heads of cattle, while procedurally cleaning and disinfecting cows for the milking process. Then directed cattle in and out of the parlor for bedding and feed. The process took 3.5 hours on average, with an intense working attitude.

### **Elm Grove Cemetery, Saint Mary's, Ohio — *Part time Caretaker***

August 2012 - July 2016

Weekly and monthly duties consisted of mowing, weed wacking, picking up sticks, picking up trash, and digging/setting monument platforms.

## EDUCATION

### **Columbus State Community College, Columbus, Ohio — *Associates of Applied Science, Business Management Entrepreneurship***

August 2023 - Current

The Associate of Applied Science in Entrepreneurship is a foundational degree in business that offers a strong overview of business functions with a focus on owning and operating a small business.

## SKILLS

Hardworking in place of work and study.

Capable of overcoming adversity.

Attention to detail.

Finish what's started.

Leader by nature.

## AWARDS

Certified to perform CPR.

## LANGUAGES

English, Spanish.

## **Memorial High School, Saint Mary's, Ohio — *Diploma***

August 2019 - May 2023

### **PROJECTS**

#### **Project Daily Driver — *Repairing My Vehicle and Families***

At 16, I was given a vehicle with a faulty transmission that had to be replaced. I replaced the transmission almost alone, then successfully drove and worked out of the vehicle for almost 3 years. This project had its ups and downs, though I persevered and accomplished the feat with hard work.
