A handwritten signature in black ink that reads "David E. Johnson, M.D.".

David E. Johnson, M.D.
President & Medical Director

Wilderness Medical Associates ®

Our programs are conducted and recognized for use by medical and rescue professionals worldwide. By accepting the certification signified by this card, the bearer acknowledges that utilizing this level of training (including the Wilderness Medical Associates' Field Protocols) is limited to a wilderness/prolonged transport context and may be contingent on applicable provisions and limitations by authorizing organizations or agencies and state law.

If applicable, the CPR course is based on the ILCOR/AHA Guidelines published in Circulation in 2015. WMA certifications are valid for 3 years however some jurisdictions limit CPR & Anaphylaxis certifications to 1 or 2 years before requiring recertification. Check locally to be in compliance.
