

## **Teacher of Chemistry (Up to A Level)**

- ✓ We are seeking an enthusiastic and qualified/experienced Teacher of Chemistry with a passion for lifelong learning and the desire to help students realize their aspirations
- ✓ The ideal candidate will be a hardworking and enthusiastic teaching professional with a strong academic background in Chemistry and excellent subject knowledge. The school values the experience and knowledge teachers can bring from a secondary school environment.
- ✓ Delivery of Chemistry up to A Level
- ✓ The ability and willingness to offer a second subject , eg English, at Key Stage 3
- ✓ Planning and preparation of Chemistry lessons.
- ✓ This role requires an energetic and dedicated teaching professional, who can make a significant contribution to our school community by engaging, motivating and challenging students to achieve their very best
- ✓ You will be self-motivated, a good communicator and have the ability to manage and teach students to achieve their best outcomes. The successful candidate will hold a teaching qualification and have experience of teaching 16+ year old students.

## **Key Skills**

- ✓ Experience of successful and innovative teaching in A Level Chemistry
- ✓ An excellent classroom practitioner with a genuine passion for Chemistry, able to lead by example and inspire students.
- ✓ A relevant Bachelor's degree, PGCE, QTS (or equivalent).
- ✓ Resilient and adaptable to changing circumstances in the current pandemic.
- ✓ Organization, discretion, flexibility, and attention to detail.
- ✓ Excellent skills in oral and written communication in English.
- ✓ Willingness to contribute to the extra-curricular life of the school.
- ✓ People oriented - building positive relationships; good team player; excellent communication skills, with the ability to form strong professional relationships with students, staff and parents.
- ✓ A high level of cultural sensitivity and the ability to treat all staff, students, and parents equally regardless of ethnicity, religious or political persuasion, gender orientation or disability.
- ✓ Commitment in principle to sustainable and eco-friendly practices

## Duties:

The Teacher of Chemistry will:

- ✓ implement agreed school policies, procedures and guidelines.
- ✓ fully support initiatives decided by the Executive Principal and other delegated staff.
- ✓ plan appropriately to meet the needs of all students, through differentiation of tasks.
- ✓ be able to set clear targets, based on prior attainment, for students' learning.
- ✓ provide a stimulating and welcoming classroom environment, where all students feel valued and of value.
- ✓ keep appropriate and efficient records, integrating formative and summative assessment into weekly and termly planning or as frequently as required.
- ✓ report to parents on development, progress and attainment of students as required.
- ✓ maintain good order and discipline amongst students, in accordance with the school's behaviour policy.
- ✓ participate in meetings which relate to the school's management, curriculum, administration or organization as required.
- ✓ communicate and co-operate with specialists from outside agencies when necessary.
- ✓ lead, organise and direct support staff within the classroom (if appropriate);
- ✓ participate in the performance management system for the appraisal of their own performance, or that of other teachers.
