

Why Support Growing Chefs! Ontario?

For over 13 years, we have been creating and providing impactful, hands-on cooking and food literacy programming for families and schools in our community and beyond, regardless of financial, social or logistical barriers. To date, over 40,000 children and youth have participated!

By pivoting our operations over the past year to a virtual format, it has allowed us the opportunity to continue connecting with families right in their homes.

As we continue to navigate post-pandemic society, we feel the possibilities are endless for the future of food literacy programming, and we will continue to work to change the way children and families learn about and develop healthy relationships with food.

As a donor or sponsor, we promise to build a mutually beneficial relationship and ensure you feel the value-add for supporting us. For details, turn the page on just how we plan to recognize your financial support.

Thank you for choosing Growing Chefs! Ontario
