The Brief:

Wiseup supported The Manchester College's Industry Week, by designing and delivering 5 industry talks, from 5 speakers across the following topics:

- Marketing
- Law
- Finance
- Information Technology
- Starting a Business

Delivery:

- Within 2 working days of the brief, Wiseup engaged and scheduled all 5 speakers from our network
- Within 5 working days of the brief, Wiseup's speakers produced bespoke slide decks to support their sessions
- Each session had 30 minutes of questions from the learners

Feedback:

The Manchester College Employability and Partnerships Co-Ordinator:

"I thought all the organisation and facilitation from your end was extremely professional and well run – everything was communicated well, and on time and our one technical hitch was swiftly resolved. I would have absolutely no hesitation in using your services again would absolutely recommend you and Wiseup to anyone thinking of doing a similar event or any other project for that matter, be that in an academic or professional setting."

The Manchester College Business Studies Tutor:

"Very well presented and some interesting pieces of information on the nature of the business and its scope. Excellent insight into a fellow young professional in their twenties looking to forge ahead and make a success of their business venture."

Law Industry Talk: Feedback From Students

LaToya Robinson

Legal Practitioner & CILEx Litigation Executive

Student feedback:

"The speaker was really engaging, I enjoyed her talk, I liked that she had given us information on legal careers and other non-traditional routes to becoming part of the legal sector. The information given helped me with my work and has had me thinking about alternative careers. This has opened my eyes that you can get a career if you are not as academic as other people. This is very useful to young people like me. Thank you."

"I found the session really useful for my future career, it was refreshing to speak to someone who was from a similar area to me and went to another city for her career and came back and is now doing really well in her career, this is so motivating for me. This also showed me that you can change your career path and still go into another career."
