^{TR} Colorsync, sanatla yeniliğin buluştuğu Aeterna’nın imza niteliğindeki sinterlenmiş plaka gövde teknolojisidir. Titizlikle geliştirilen bu teknoloji, yüzey tasarımıyla gövde bileşimini kusursuz bir görsel bütünlük içinde birleştirir. Seçkin temel renklerin özenle harmanlanmasıyla, yüzey grafiğiyle uyumlu, zarif ve bütüncül bir estetik sunar. İleri teknoloji ve hassasiyetle şekillendirilen Colorsync, performans ile zarafeti eşsiz ve kalıcı bir ifadede buluşturur.

UNGLAZED

Unglazed sintered slabs are a celebration of superior strength and beauty in perfect harmony. Engineered for unmatched resilience and performance, each color offers consistent visual depth from surface to core, preserving everlasting beauty even in the most demanding environments. Its seamless, monochromatic appearance—rich in tone and texture—enhances spatial continuity and elevates modern elegance.

^{FR} Les dalles sintérisées non émaillées sont une célébration de la résistance supérieure et de la beauté en parfaite harmonie. Conçues pour offrir une résilience et des performances inégalées, chaque couleur offre une profondeur visuelle constante de la surface au cœur, préservant ainsi une beauté éternelle, même dans les environnements les plus exigeants. Son aspect monochrome et homogène, riche en nuances et en textures, renforce la continuité spatiale et rehausse l'élégance moderne.

^{ES} Las placas sin esmaltar son una celebración de la resistencia superior y la belleza en perfecta armonía. Diseñadas para ofrecer una resistencia y un rendimiento inigualables, cada color ofrece una profundidad visual uniforme desde la superficie hasta el núcleo, conservando una belleza eterna incluso en los entornos más exigentes. Su aspecto monocromático y sin juntas, rico en tonos y texturas, realza la continuidad espacial y eleva la elegancia moderna.

^{TR} Sırsız sinterlenmiş plakalar, üstün dayanım ve estetiği kusursuz bir uyumla bir araya getirir. Her renk, yüzeyden çekirdeğe kadar uzanan tutarlı derinliğiyle, yıllar boyu güzelliğini koruyacak şekilde tasarlandı. Zengin tonları ve dokusuyla, kesintisiz ve monokrom görünümü mekâna bütünlük kazandırır, modern zarafeti öne çıkarır.

BODY COMPOSITION

Cutting-edge technology meets artistic intention to create a limitless palette of harmonized body tones. Each one is meticulously composed from a refined blend of base colors, thoughtfully created to sync with and enhance the design. The result is a rich, dynamic composition deepening the material's visual harmony and cultivating a sense of unity, depth and quiet sophistication.

^{FR} Une technologie de pointe s'allie à une intention artistique pour créer une palette illimitée de tons harmonieux. Chaque teinte est méticuleusement composée à partir d'un mélange raffiné de couleurs de base, soigneusement sélectionnées pour s'harmoniser avec le design et le mettre en valeur. Le résultat est une composition riche et dynamique qui renforce l'harmonie visuelle du matériau et cultive un sentiment d'unité, de profondeur et de sophistication discrète.

^{ES} La tecnología más avanzada se une a la intención artística para crear una paleta ilimitada de tonos armoniosos para el cuerpo. Cada uno está meticulosamente compuesto a partir de una refinada mezcla de colores base, cuidadosamente creados para sincronizarse con el diseño y realzarlo. El resultado es una composición rica y dinámica que profundiza la armonía visual del material y cultiva una sensación de unidad, profundidad y sofisticación tranquila.

^{TR} En son teknoloji, sanatsal bir vizyonla buluşarak uyumlu gövde tonlarından oluşan sınırsız bir palet yaratıyor. Her ton, tasarımla kusursuz bir bütünlük sağlayacak ve onu zenginleştirecek şekilde, özenle seçilmiş temel renklerin rafine karışımından titizlikle hazırlanıyor. Ortaya çıkan zengin ve dinamik kompozisyon; malzemenin görsel uyumunu derinleştirirken, birlik, derinlik ve dingin bir zarafet duygusu katıyor.

POLISHED

^{EN} Indulge in the luxurious allure of Polished slabs, offering a high-gloss, ultra-smooth surface with a mirror-like effect. This finish amplifies light reflection, creating a refined and elegant aesthetic. By utilizing high-density materials and an innovative mechanical process, it delivers a surface that is notably flatter and more lustrous than traditional polished finishes.

^{FR} POLI – Les dalles polies offrent une brillance nette et sophistiquée, comme une surface miroir où la lumière circule librement. Cette finition accentue la réflexion de la lumière et compose une esthétique à la fois raffinée et élégante. La combinaison de matériaux à haute densité et d'un procédé mécanique novateur permet d'obtenir une surface nettement plus plane et plus brillante que les finitions polies traditionnelles.

^{ES} PULIDO – Opte por el lujoso atractivo de las placas Pulidas, caracterizadas por su brillo intenso, superficie ultrasuave y efecto visual similar al de un espejo. Este acabado amplifica la reflexión de la luz, creando una estética refinada y elegante. Gracias al empleo de materiales de alta densidad y de un innovador proceso mecánico, se logra una superficie llamativamente más plana y lustrosa que la de los acabados pulidos tradicionales.

^{TR} PARLAK – Yüksek yoğunluklu malzemeler ve yenilikçi bir mekanik işlemle elde edilen parlak yüzeyler, klasik parlak yüzeylerden çok daha düz ve parlak bir görünüm sunar. Ayna etkisi yaratan ultra pürüzsüz ve yüksek parlaklıktaki yüzeyiyle ışığı maksimum düzeyde yansıtarak zarif ve sofistike bir estetik yaratır. Bu yüzeyin sunduğu lüks çekiciliğin keyfini çıkarın.

HONED

^{EN} Experience the elegance of Honed slabs, where every surface is meticulously smoothed to perfection through cutting-edge mechanical innovation. This achieves an ultra-flat, matte finish that offers a soft touch and understated allure, exuding enduring beauty.

^{FR} ADOUCI – Découvrez l'élégance des dalles adoucies, dont chaque surface est soigneusement polie jusqu'à la perfection par une technologie mécanique de pointe. Elles dégagent une sensation de calme et de pureté, et révèlent un raffinement discret et durable.

^{ES} APOMAZADO – Viva la elegancia de las placas Apomazadas, en las que cada superficie es meticulosamente trabajada hasta lograr máxima suavidad por medio de una innovadora tecnología mecánica. El resultado es un producto ultrasuave al tacto, sutilmente seductor, que rezuma perdurable belleza.

^{TR} HONLU – Her yüzeyin en ileri düzey mekanik yeniliklerle kusursuz bir şekilde pürüzsüzleştirildiği honlu plakalar, ultra düz ve mat bir yüzey elde edilmesini sağlar. Yumuşak dokunuşu ve abartısız zarafetiyle öne çıkan bu yüzey, zamana meydan okuyan bir güzellik sunar.

VINTAGE

^{EN} Step into timeless elegance with Vintage slabs, which capture classic beauty through their carefully aged appearance. This rough-textured finish provides a warm, bush-hammered effect, created by advanced glazing and graphical techniques, adding a visual depth and nostalgic touch to contemporary spaces.

^{FR} VINTAGE – Les dalles vintage évoquent une élégance intemporelle, portée par un aspect soigneusement maîtrisé. Leur texture brute crée un effet bouchardé chaleureux, obtenu grâce à des techniques de glaçure et de traitement graphique avancées. Ce fini apporte une note de nostalgie raffinée aux décors les plus contemporains.

^{ES} VINTAGE – Integre elegancia “sin tiempo” con placas Vintage, piezas que atesoran la belleza clásica con su aspecto esmeradamente envejecido. Gracias a avanzadas técnicas de esmaltado y recursos gráficos, este acabado de textura áspera crea un cálido efecto abujardado, dando un toque de nostalgia a los espacios contemporáneos.

^{TR} VINTAGE – Zamansız zarafeti geçmişin izleriyle buluşturan Vintage yüzeyler, özenle eskitilmiş dokusuyla klasik güzelliği günümüze taşır. Gelişmiş sırlama ve grafik teknikleriyle şekillenen bu yüzey, sıcak bir bush-hammered / çekiçlenmiş yüzey etkisi sunar; modern mekânlara görsel bir derinlik ve nostaljik bir dokunuş katar.

SILK

^{EN} Unveil the elegance of Silk slabs, where the luxurious, fine fabric-like texture conveys a tranquil softness. This delicate uniformity, achieved through a tactile glaze, creates an atmosphere of serene beauty, transforming any space into a sanctuary of calm.

^{FR} SOYEUX – Les dalles au fini soyeux se caractérisent par une texture fine et régulière, proche du tissu délicat et luxueux. Cette uniformité délicate, obtenue par un glaçage tactile, instaure une atmosphère de beauté sereine transformant chaque espace en un véritable sanctuaire de tranquillité.

^{ES} SEDA – Descubre la distinción de las placas Seda, cuya lujosa textura con reminiscencia textil inspira serena suavidad. La delicada uniformidad que se logra por medio de una técnica de esmaltado táctil crea una atmósfera de apacible belleza, transformando cualquier espacio en un refugio de calma.

^{TR} SILK – Lüks kumaşı andıran dokusuyla ipek yüzeyler, dingin bir yumuşaklık hissi sunar. Dokunsal bir sırta elde edilen bu zarif uyum, mekâna huzurlu bir güzellik katar ve her ortamı dingin bir sığınak hâline getirir.

PATINATED

^{EN} Discover the rich character of Patinated slabs, where a deliberately aged yet soft texture is mechanically forged to create a brushed matte surface, reminiscent of cement. It imparts depth and personality, offering a naturally worn-in yet refined appearance.

^{FR} **PATINÉ** – Les dalles patinées présentent un fini mat brossé à la texture douce et subtilement vieillie. Inspirée de l’aspect du ciment usé, cette surface révèle du caractère et de la profondeur, tout en conservant une allure équilibrée et soignée.

^{ES} **PATINADO** – Descubra la intensa personalidad de las placas Patinadas. Su textura deliberadamente envejecida y, a la vez, suave, es tratada mecánicamente de modo de forjar una superficie mate cepillada que recuerda el cemento. Transmite profundidad y carácter con su aspecto naturalmente gastado que exhuma refinamiento.

^{TR} **PATINATO** – Yumuşak dokusunun altında bilinçli bir yaşamışlık taşıyan Patinato yüzeyler, fırçalanmış mat görünümüyle çimentoyu andıran doğal bir etki sunar. Mekanik olarak şekillendirilen bu doku, yüzeye derinlik ve karakter kazandırır; doğal yıpranmışlığı zarif bir duruşla birleştirir.

ORGANIC MATTE

^{EN} Embrace the understated charm of Organic Matte slabs, where the surface offers natural quality, emphasizing authenticity and earthy sophistication. Enhanced by a fine structural texture synchronized with the graphic using the latest technology, this finish delivers subtle impressions that enrich the surface’s graphic qualities.

^{FR} **MAT ORGANIQUE** – Les dalles au fini mat organique révèlent un charme discret, porté par une surface au caractère naturel qui souligne l’authenticité et une élégance sobre aux accents minéraux. L’effet visuel, à la fois brut et travaillé, renforce l’authenticité du matériau et lui confère une allure naturelle et sophistiquée.

^{ES} **MATE ORGÁNICO** – Elija el sutil encanto de las placas Mate orgánico, cuya superficie, recreación de la naturaleza, rinde culto a la autenticidad y la sofisticación térra. Realizado por una noble textura estructural en sincronía con el planteo gráfico, la cual se logra por medio de tecnología de vanguardia, este acabado presenta sutiles patrones de diseño que enriquecen el efecto visual de la superficie.

^{TR} **ORGANİK MAT** – Doğallığın zarif ve kendine has dokunuşu. Organik mat yüzeyler, abartıdan uzak şıklığı ve özgün karakteriyle öne çıkar. Gelişmiş teknolojiyle, desenle senkronize şekilde oluşturulan ince yapısal dokusu, yüzeye ince yansımalar ve derinlik katarak desenin estetik ifadesini daha da zenginleştirir.

GRAINED

^{EN} Delight in the tactile experience of Grained slabs, where a distinctive fine texture, crafted through innovative glazing and graphical processes, adds depth and visual intrigue. This finish showcases a natural, textural quality that echoes the beauty of sandblasted natural stone, making each slab a striking statement piece with dynamic, earthy appeal.

^{FR} **GRAINÉ** – Les dalles au fini grainé offrent une expérience tactile raffinée, portée par un grain distinctif élaboré selon des procédés de glaçure et de graphisme innovants. Cette texture ajoute relief et richesse visuelle à la surface. Cette finition met en valeur une qualité texturale naturelle qui évoque la beauté de la pierre naturelle sablée, transformant chaque dalle en une pièce maîtresse saisissante à l’attrait dynamique et terreux.

^{ES} **GRANEADO** – Disfruta de la experiencia táctil de las placas Graneadas, donde una distintiva textura fina, elaborada mediante innovadores procesos de esmaltado y técnicas gráficas, aporta profundidad y un atractivo visual cautivador. Este acabado presenta una cualidad táctil de tal naturalidad que recuerda la belleza de la piedra trabajada por la arena, haciendo de cada placa una pieza única en concierto térra de notable atractivo.

^{TR} **GRAINED** – Yüzeyde bıraktığı dokunsal hazla öne çıkan bu doku, yenilikçi sırlama ve grafik teknikleriyle şekillendirilmiş ince yapısıyla hem derinlik hem de görsel bir çekicilik sunar. Kumlanmış doğal taşın güzelliğini anımsatan bu doğal dokulu yüzey, her bir plakayı güçlü bir tasarım ifadesine dönüştürür ve mekâna karakter katan organik bir etki yaratır.

SATIN

^{EN} Discover the sumptuous charm of Satin slabs, crafted with a distinctive glazing method that evokes a soft matte yet opulent sensation beneath your fingertips. The finish strikes a harmonious balance between matte and glossy, offering both a natural feel and refined aesthetic.

^{FR} **SATINÉ** – Avec leur fini doux et mat, les dalles satinées évoquent un équilibre parfait entre naturel et sophistication. Le toucher, soyeux et délicat, apporte une dimension visuelle subtile et une élégance sobre.

^{ES} **SATINADO** – Descubra el suntuoso encanto de las placas Satinadas, creadas con un método de esmaltado distintivo que evoca al tacto un mate suave con cierto halo de opulencia. El acabado logra un perfecto equilibrio entre el mate y el brillo, inspirando sensación de naturalidad en armonía con una estética refinada.

^{TR} **SATEN** – Yumuşak mat dokusunun altında kadifemsi bir zarafet barındıran saten yüzeyler, parmak uçlarınızda sofistike bir his uyandırır. Özgün bir sırlama tekniğiyle geliştirilen bu yüzey, mat ve parlak arasında kusursuz bir denge kurarak doğal bir his ve rafine bir estetik sunar.

La profundidad y la riqueza del color se mantienen constantes a lo largo del tiempo, conservando una sensación de sofisticación refinada que realza tanto los espacios residenciales como los comerciales.

^{TR} YENİLİK VE DAYANIKLILIĞI BULUŞTURAN ÖZENLİ TASARIMIYLA, GÜNLÜK KULLANIMA ÖZEL ÜSTÜN KALİTE SUNAR. – Her bir plaka, doğaya ve çağdaş estetiğe saygı duruşunda bulunan özgün tasarımlarla, yenilik ve üstün dayanıklılığı bir araya getirir. Sinterlenmiş plaka koleksiyonunun merkezinde, modern yaşamın gereksinimlerine yanıt veren, titizlikle işlenmiş bir sürdürülebilirlik anlayışı yatar. Günlük kullanıma dayanacak şekilde tasarlanan bu yüzeyler, her ortamda kalıcı cazibesini korur. Renklerin derinliği ve zenginliği zamanla değişmez; konut ve ticari mekânlara zarif bir sofistike hava katmaya devam eder.

WHERE FUNCTIONALITY MEETS DESIGN.

^{EN} The perfect fusion of high-performance sintered slab and cutting-edge design. Aeterna's range of slabs presents a diverse and extensive selection of solutions catering to various interior design trends. Beyond wall and floor applications, they play a significant role in the design of furniture, counter tops, sinks and detailed architectural elements. This is made possible through the production of highly adaptable formats, sizes, and thicknesses. With an extensive catalog of sophisticated colors and finishes, Aeterna empowers limitless creativity for both residential and commercial spaces.

^{FR} QUAND FONCTIONNALITÉ RIME AVEC DESIGN. – La fusion parfaite entre une dalle sintérisée haute performance et un design avant-gardiste. La gamme de dalles Aeterna offre un choix varié et complet de solutions adaptées aux différentes tendances en matière de design d'intérieur. Au-delà des applications murales et au sol, elles jouent un rôle important dans la conception de meubles, de plans de travail, d'éviers et d'éléments architecturaux détaillés. Cela est rendu possible grâce à la production de formats, de dimensions et d'épaisseurs hautement adaptables. Avec un catalogue complet de couleurs et de finitions sophistiquées, Aeterna offre une créativité sans limite pour les espaces résidentiels et commerciaux.

^{ES} DONDE LA FUNCIONALIDAD SE UNE AL DISEÑO. – La fusión perfecta entre la placa sinterizada de alto rendimiento y el diseño más vanguardista. La gama de placas de Aeterna presenta una amplia y variada selección de soluciones que se adaptan a las últimas tendencias en diseño de interiores. Más allá de las aplicaciones en paredes y suelos, desempeñan un papel importante en el diseño de muebles, encimeras, fregaderos y elementos arquitectónicos detallados. Esto es posible gracias a la producción de formatos, tamaños y espesores altamente adaptables. Con un amplio catálogo de colores y acabados sofisticados, Aeterna potencia la creatividad sin límites tanto para espacios residenciales como comerciales.

^{TR} İŞLEVSELLİK İLE TASARIMIN BULUŞTUĞU NOKTA. – Yüksek performanslı sinterlenmiş plaka ile ileri tasarımın mükemmel uyumu. Aeterna'nın plaka koleksiyonu, farklı iç mekân tasarım trendlerine hitap eden geniş ve çeşitli çözümler sunar. Duvar ve zemin uygulamalarının ötesinde; mobilya, tezgâh, lavabo ve detaylı mimari unsurların tasarımında da önemli bir rol oynar. Bu esneklik, farklı format, ebat ve kalınlıklarda üretilen, yüksek uyum kabiliyetine sahip yapılarıyla mümkün hale gelir. Zarif renk ve yüzey seçeneklerinden oluşan zengin kataloğuyla Aeterna, hem konut hem de ticari mekânlar için sınırsız yaratıcılığı destekler.

COUNTERTOPS

^{EN} A multi-faceted approach allows for the seamless use on countertops—combining food-safe and hygienic surfaces with enhanced durability. Precision fabrication supports custom edge profiles, integrated sinks, and seamless joints, enabling tailored installations for any space. With a wide variety of finishes and patterns, these slabs offer both functional excellence and boundless design versatility.

^{FR} COMPTOIRS – Une approche multifonctionnelle permet une utilisation sans faille sur les plans de travail, alliant des surfaces hygiéniques et adaptées au contact alimentaire à une durabilité accrue. La fabrication de précision permet de réaliser des profils de bordure sur mesure, des évier intégrés et des joints invisibles, pour une installation sur mesure dans n'importe quel espace. Avec une grande variété de finitions et de motifs, ces dalles offrent à la fois une excellence fonctionnelle et une polyvalence de conception illimitée.

^{ES} ENCIMERA – Un enfoque multifacético permite un uso perfecto en encimeras, combinando superficies higiénicas y aptas para el contacto con alimentos con una mayor durabilidad. La fabricación de precisión permite perfiles de bordes personalizados, fregaderos integrados y juntas sin fisuras, lo que permite instalaciones a medida para cualquier espacio. Con una amplia variedad de acabados y patrones, estas placas ofrecen tanto excelencia funcional como una versatilidad de diseño ilimitada.

^{TR} TEZGAH – Çok yönlü yapısıyla tezgâhlarda kusursuz bir çözüm sunar; gıda ile temasa uygun, hijyenik yüzeyleri üstün dayanıklılıkla buluşur. Hassas üretim teknikleri sayesinde, özel kenar profilleri, entegre lavabolar ve kesintisiz birleşimlerle her mekâna özgü çözümler sunar. Zengin yüzey bitirishleri ve desen seçenekleriyle, işlevsellik ve sınırsız tasarım esnekliğini bir arada sunar.

SINKS

^{EN} Curate custom sink designs to perfectly match any space, offering exceptional functionality and sophistication. Sintered slabs can be fabricated into a range of sink designs, creating a seamless transition between countertop and basin for a sleek, modern look. The ability to match the sink material and color with the surrounding surfaces adds visual continuity and a sense of luxury, while ensuring long-lasting performance in high-use environments.

^{FR} ÉVIERS – Créez des évier sur mesure qui s'adaptent parfaitement à tous les espaces, offrant une fonctionnalité et une sophistication exceptionnelles. Les dalles sintérisées peuvent être transformées en une gamme de modèles d'évier, créant une transition harmonieuse entre le plan de travail et la cuve pour un look élégant et moderne. La possibilité d'assortir le matériau et la couleur de l'évier aux surfaces environnantes ajoute une continuité visuelle et une touche de luxe, tout en garantissant des performances durables dans les environnements à forte fréquentation.

^{ES} FREGADERO – Diseñe fregaderos a medida que se adapten perfectamente a cualquier espacio, ofreciendo una funcionalidad y sofisticación excepcionales. Las placas sinterizadas se pueden fabricar en una amplia gama de diseños de fregaderos, creando una transición perfecta entre la encimera y el lavabo para lograr un aspecto elegante y moderno. La posibilidad de combinar el material y el color del fregadero con las superficies circundantes añade continuidad visual y una sensación de lujo, al tiempo que garantiza un rendimiento duradero en entornos de uso intensivo.

^{TR} LAVABO – Mekâna kusursuz uyum sağlayan, işlevsellik ve zarafeti bir arada sunan özel lavabo tasarımları yaratın. Sinterlenmiş plakalar, farklı lavabo formlarına dönüştürülebilir; tezgâh ile lavabo arasında akıcı bir geçiş sağlayarak modern ve şık bir görünüm sunar. Lavabonun malzeme ve rengini çevresindeki yüzeylerle bütünleştirme imkânı, mekâna hem görsel bir uyum hem de yoğun kullanıma dayanıklı, uzun ömürlü bir performans kazandırır.

INTERIOR WALLS

^{EN} A wide panorama of solutions for interior walls capable of embracing interior design trends. Sintered slabs offer an expansive canvas that transcends conventional materials. Their large-format design minimizes grout lines, creating a seamless, refined surface. Ideal for dramatic feature walls, sleek backsplashes, or floor-to-ceiling applications, these slabs bring bold scale and elevated continuity to contemporary spaces.

^{FR} MURS INTÉRIEURS – Une large gamme de solutions pour les murs intérieurs, capables de s’adapter aux tendances en matière de design d’intérieur. Les dalles sintérisées offrent une surface expansive qui transcende les matériaux conventionnels. Leur grand format minimise les joints, créant une surface homogène et raffinée. Idéales pour les murs d’accent spectaculaires, les dossierets élégants ou les applications du sol au plafond, ces dalles apportent une dimension audacieuse et une continuité raffinée aux espaces contemporains.

^{ES} PAREDES INTERIORES – Una amplia gama de soluciones para paredes interiores capaces de adaptarse a las últimas tendencias en diseño de interiores. Las placas sinterizadas ofrecen un amplio lienzo que trasciende los materiales convencionales. Su diseño de gran formato minimiza las líneas de lechada, creando una superficie refinada y sin juntas. Ideales para paredes decorativas espectaculares, elegantes salpicaderos o aplicaciones de suelo a techo, estas losas aportan una escala audaz y una continuidad elevada a los espacios contemporáneos.

^{TR} İÇ MEKAN DUVARLARI – Mimari trendleri yansıtan iç mekanlar için geniş bir çözüm yelpazesi. Sinterlenmiş plakalar, geleneksel malzemelerin ötesine geçen geniş bir tasarım yüzeyi sunar. Büyük formatları sayesinde derz çizgilerini minimuma indirerek, kesintisiz ve zarif bir görünüm yaratır. Çarpıcı odak duvarlarından şık tezgâh arası panellere, tavandan zemine uzanan uygulamalara kadar geniş bir yelpazede kullanılabilen bu plakalar; modern mekânlara cesur bir boyut, süreklilik ve rafine bir bütünlük kazandırır.

INTERIOR FLOORING

^{EN} A vision capable of enhancing and elevating floor designs with unmatched elegance and resilience. Sintered slabs provide a resilient, low-maintenance flooring solution that withstands heavy foot traffic, impacts, and daily wear while maintaining their stunning appearance. Large formats minimize grout lines, creating a seamless and sophisticated surface that visually expands any space, where durability and performance are paramount.

^{FR} SOLS INTÉRIEURS – Une vision capable d’embellir et de rehausser les sols avec une élégance et une résistance inégalées. Les dalles sintérisées offrent une solution de revêtement de sol résistante et facile d’entretien qui supporte un trafic intense, les chocs et l’usure quotidienne tout en conservant son aspect magnifique. Les grands formats minimisent les joints, créant une surface homogène et sophistiquée qui agrandit visuellement n’importe quel espace où la durabilité et la performance sont primordiales.

^{ES} PISOS INTERIORES – Una visión capaz de realzar y elevar los diseños de suelos con una elegancia y resistencia sin igual. Las placas sinterizadas proporcionan una solución para suelos resistente y de bajo mantenimiento que soporta el tránsito intenso, los impactos y el desgaste diario, al tiempo que mantiene su impresionante aspecto. Los grandes formatos minimizan las líneas de lechada, creando una superficie sofisticada y sin juntas que amplía visualmente cualquier espacio, donde la durabilidad y el rendimiento son fundamentales.

^{TR} İÇ MEKAN ZEMİN DÖŞEME – Zeminlerde zarafet ve dayanıklılığı bir araya getiren sinterlenmiş plakalar; yoğun yaya trafiğine, darbelere ve günlük aşınmalara karşı üstün performans sunan, bakım gerektirmeyen bir çözüm sağlar. Büyük ebatları sayesinde derz çizgilerini minimuma indirerek, kusursuz ve sofistike bir yüzey yaratır; dayanıklılığın ve yüksek performansın öncelikli olduğu mekânlarda akıcı ve genişleyen bir etki sunar.

FURNITURE

^{EN} Sintered slabs are ideal for highlighting architectural details and crafting tailor-made furnishings that seamlessly blend form and function. Their versatility allows for smooth integration into custom tables, shelving, cabinetry, and other design elements—offering a refined surface that elevates the spatial composition. Whether used as a bold statement or a subtle accent, sintered slabs bring sophistication and lasting performance to any interior furniture.

^{FR} MEUBLES – Les dalles sintérisées sont idéales pour mettre en valeur les détails architecturaux et créer des meubles sur mesure qui allient harmonieusement forme et fonctionnalité. Leur polyvalence permet de les intégrer facilement dans des tables, des étagères, des armoires et d’autres éléments de design personnalisés, offrant une surface raffinée qui rehausse la composition spatiale. Qu’elles soient utilisées pour créer un effet audacieux ou apporter une touche subtile, les dalles sintérisées apportent sophistication et performance durable à tout mobilier d’intérieur.

^{ES} MOBILIARIO – Las placas sinterizadas son ideales para resaltar detalles arquitectónicos y crear muebles a medida que combinan a la perfección forma y funcionalidad. Su versatilidad permite integrarlas fácilmente en mesas, estanterías, armarios y otros elementos de diseño personalizados, ofreciendo una superficie refinada que realza la composición espacial. Ya sea como elemento llamativo o como acento sutil, las placas sinterizadas aportan sofisticación y un rendimiento duradero a cualquier mueble de interior.

^{TR} MOBİLYA – Sinterlenmiş plakalar, mimari detayları öne çıkarmak ve form ile işlevi kusursuz bir uyumla birleştiren özel mobilyalar tasarlamak için idealdir. Çok yönlü yapısı sayesinde özel tasarım masalara, raflara, dolaplara ve diğer tasarım unsurlarına kolayca entegre edilir; mekânın kompozisyonunu zenginleştiren zarif bir yüzey sunar. Cesur bir odak noktası ya da ince bir detay olarak kullanıldığında, sinterlenmiş plakalar her türlü iç mekân mobilyasına sofistike bir görünüm ve kalıcı performans kazandırır.

FACADES

^{EN} The theme of material continuity between indoors and outdoors reinforces a seamless connection, emphasizing both aesthetic and chromatic harmony. While sintered slabs enable this unified design approach through consistent surfaces that transition effortlessly from interior spaces to exterior facades, they also excel as standalone exterior design elements. Their refined appearance and robust performance allow them to elevate outdoor architecture—bringing visual strength, texture, and lasting resilience to façades.

^{FR} FAÇADES – Le thème de la continuité des matériaux entre l’intérieur et l’extérieur renforce une connexion harmonieuse, mettant en valeur l’harmonie esthétique et chromatique. Si les dalles sintérisées permettent cette approche conceptuelle unifiée grâce à des surfaces homogènes qui s’intègrent sans effort des espaces intérieurs aux façades extérieures, elles excellent également en tant qu’éléments de design extérieur autonomes. Leur apparence raffinée et leurs performances robustes leur permettent de rehausser l’architecture extérieure, apportant force visuelle, texture et résistance durable aux façades.

^{ES} FACHADAS – El tema de la continuidad de los materiales entre el interior y el exterior refuerza una conexión perfecta, enfatizando la armonía estética y cromática. Las placas sinterizadas permiten este enfoque de diseño unificado gracias a sus superficies uniformes que pasan sin esfuerzo de los espacios interiores a las fachadas exteriores, pero también destacan como elementos de diseño exterior independientes. Su aspecto refinado y su rendimiento robusto les permiten realzar la arquitectura exterior, aportando fuerza visual, textura y resistencia duradera a las fachadas.

^{TR} BİNA CEPHESİ – İç ve dış mekânlar arasında malzeme sürekliliği sağlayarak estetik ve renk uyumunu öne çıkaran bu yaklaşım, mekânlar arasında kesintisiz bir bağlantı kurar. Sinterlenmiş plakalar, iç mekândan dış cepheye zahmetsizce geçiş yapan tutarlı yüzeyleriyle bu bütüncül tasarımı mümkün kılarken, bağımsız bir dış tasarım unsuru olarak da güçlü bir etki yaratır. Zarif görünümü ve yüksek performansıyla cephelere estetik, doku ve uzun ömürlü dayanıklılık kazandırarak dış mimariye değer katar.

THE VISIONARY FORCE BEHIND THE COMPANY’S RISE IN THE REALM OF SINTERED SLAB

CORE VALUES AND GLOBAL PRESENCE

^{EN} The company holds a prominent position in the global market for surfaces, architectural materials, and design solutions. Continuous innovation, technological research, an international outlook, and social and environmental responsibility are the core values that Anatolia has consistently upheld in its ongoing pursuit of excellence. The Anatolia factory, is located in the majestic Gulf of Izmir, Turkiye, encapsulating an innovative design vision that is set to transform the way we think of surfaces. The facility houses the company’s research and development department, showrooms, and offices—a major innovation powerhouse with a state-of-the-art manufacturing plant and logistics center.

^{FR} VALEURS FONDAMENTALES ET PRÉSENCE MONDIALE – La société occupe une position de premier plan sur le marché mondial des surfaces, des matériaux architecturaux et des solutions de conception. L’innovation continue, la recherche technologique, une vision internationale et la responsabilité sociale et environnementale sont les valeurs fondamentales qu’Anatolia a toujours défendues dans sa quête permanente de l’excellence. L’usine Anatolia, située dans le majestueux golfe d’Izmir, en Turquie, incarne une vision innovante du design qui va transformer notre façon de concevoir les surfaces. Le site abrite le département de recherche et développement, les salles d’exposition et les bureaux de l’entreprise. Il s’agit d’un véritable centre d’innovation doté d’une usine de fabrication et d’un centre logistique à la pointe de la technologie.

^{ES} VALORES FUNDAMENTALES Y PRESENCIA GLOBAL – La empresa ocupa una posición destacada en el mercado mundial de superficies, materiales arquitectónicos y soluciones de diseño. La innovación continua, la investigación tecnológica, la visión internacional y la responsabilidad social y medioambiental son los valores fundamentales que Anatolia ha mantenido siempre en su búsqueda constante de la excelencia. La fábrica de Anatolia, situada en el majestuoso golfo de Esmirna, en Turquía, encarna una visión innovadora del diseño que va a transformar nuestra forma de concebir las superficies. Las instalaciones albergan el departamento de investigación y desarrollo de la empresa, salas de exposición y oficinas, lo que la convierte en un importante centro de innovación con una planta de fabricación y un centro logístico de última generación.

^{TR} TEMEL DEĞERLER VE KÜRESEL VARLIK – Anatolia, yüzeyler, mimari malzemeler ve tasarım çözümleri alanında küresel pazarda önemli bir konuma sahiptir. Sürekli inovasyon, teknolojik araştırma, uluslararası bakış açısı ile sosyal ve çevresel sorumluluk, mükemmellik yolculuğunda şirketin daima benimsediği temel değerlerdir. Anatolia’nın İzmir Körfezi’nin eşsiz atmosferinde konumlanan fabrikası, yüzeylere bakımımızı dönüştürmeyi amaçlayan yenilikçi bir tasarım vizyonunu yansıtır. Tesis; araştırma-geliştirme departmanı, showroomları ve ofisleriyle birlikte, ileri teknolojiye sahip üretim tesisi ve lojistik merkeziyle büyük bir inovasyon üssü olarak faaliyet göstermektedir.

ARCHITECTURAL DESIGN

^{EN} Designed in partnership with Canadian studio Micacchi Architecture, the facility emphasizes and is a testament to Anatolia’s passion for design and penchant for innovation. It features three distinct structures that, together, form an integrated production and design unit. The first is the main administrative building, a grand and refined architectural masterpiece that houses office space, showrooms, and research and product development labs. Simply walking through the space takes one on a visual journey through Anatolia’s aesthetic vision. The building adjoins a production plant with a capacity to expand to eleven lines equipped with advanced manufacturing equipment for producing tiles and slabs. The plant is conceived as a space for designers to experiment with materials and diverse methods to bring novel products to life. Finally, an adjacent centralized storage space ensures the efficient and monitored gathering of both raw materials and finished products. With an impressive 2,267,450 ft² / 210,653 m², the facility is one of the largest and most technologically advanced in the world.

^{FR} CONCEPTION ARCHITECTURALE – Conçue en partenariat avec le studio canadien Micacchi Architecture, cette installation met en valeur et témoigne de la passion d’Anatolia pour le design et son penchant pour l’innovation. Elle se compose de trois structures distinctes qui, ensemble, forment une unité intégrée de production et de conception. La première est le bâtiment administratif principal, un chef-d’œuvre architectural grandiose et raffiné qui abrite des bureaux, des salles d’exposition et des laboratoires de recherche et de développement de produits. Il suffit de traverser cet espace pour être transporté dans l’univers esthétique d’Anatolia. Le bâtiment est adjacent à une usine de production pouvant accueillir jusqu’à onze lignes équipées de machines de fabrication de pointe pour la production de carreaux et de dalles. L’usine est conçue comme un espace où les designers peuvent expérimenter différents matériaux et méthodes afin de donner vie à des produits novateurs. Enfin, un espace de stockage centralisé adjacent assure la collecte efficace et contrôlée des matières premières et des produits finis. Avec une superficie impressionnante de 210 653 m², cette installation est l’une des plus grandes et des plus avancées technologiquement au monde.

^{ES} DISEÑO ARQUITECTÓNICO – Diseñada en colaboración con el estudio canadiense Micacchi Architecture, la instalación destaca y es testimonio de la pasión de Anatolia por el diseño y su inclinación por la innovación. Cuenta con tres estructuras diferenciadas que, juntas, forman una unidad integrada de producción y diseño. La primera es el edificio administrativo principal, una obra maestra arquitectónica grandiosa y refinada que alberga oficinas, salas de exposición y laboratorios de investigación y desarrollo de productos. El simple hecho de recorrer el espacio supone un viaje visual a través de la visión estética de Anatolia. El edificio está contiguo a una planta de producción con capacidad para ampliarse a once líneas equipadas con avanzados equipos de fabricación para la producción de baldosas y placas. La planta está concebida como un espacio para que los diseñadores experimenten con materiales y métodos diversos para dar vida a productos novedosos. Por último, un espacio de almacenamiento centralizado adyacente garantiza la recogida eficiente y controlada tanto de las materias primas como de los productos acabados. Con una impresionante superficie de 210 653 m², la instalación es una de las más grandes y tecnológicamente avanzadas del mundo.

^{TR} MIMARI VE YENİLİKÇİLİK – Kanadalı Micacchi Architecture iş birliğiyle tasarlanan tesis, Anatolia’nın tasarıma olan tutkusunun ve yenilikçi yaklaşımının bir göstergesidir. Birbirini tamamlayan üç farklı yapıdan oluşan kompleks, entegre bir üretim ve tasarım birimi olarak kurgulanmıştır. İlki; ofis alanlarını, showroamları ve araştırma-geliştirme laboratuvarlarını barındıran, görkemli ve rafine bir mimari başyapıt olan ana idari binadır. Binada dolaşmak, Anatolia’nın estetik vizyonunda bir yolculuğa çıkmak gibidir. Bitişik konumdaki üretim tesisi, karo ve plaka üretimi için ileri üretim ekipmanlarıyla donatılmış, on bir hatta kadar kapasiteye sahip olacak şekilde tasarlanmıştır. Bu alan aynı zamanda tasarımcıların malzemeler ve farklı yöntemler üzerinde deneyler yaparak yeni ürünler geliştirebilecekleri bir yaratıcılık platformu olarak düşünülmüştür. Son olarak, yanındaki merkezi depolama alanı, hammadde ve bitmiş ürünlerin verimli ve kontrollü bir şekilde toplanmasını sağlar. Toplamda 210.653 m² (2.267.450 ft²) alana sahip olan tesis, dünyanın en büyük ve en ileri teknolojiye sahip üretim komplekslerinden biridir.

SUSTAINABILITY AND PRODUCTION INNOVATION

^{EN} The design of the buildings and the innovative, integrated system for stocking and feeding natural raw materials reflect a commitment to efficiency, sustainability, and thoughtful industrial design—minimizing waste and energy consumption while supporting advanced production processes. The facility manufactures sintered slabs in expansive dimensions of 160 x 320 cm, and with varying thicknesses to cater to the specific requirements of the market. The factory incorporates cutting-edge production technologies and prioritizes sustainability within the industry. The company's investment in the production of sintered slabs is groundbreaking, demonstrating its unwavering commitment to empowering valued customers in an ever-changing and highly competitive industry. Aeterna is poised to take the lead in meeting the surging demand for slabs with its exceptional offerings of sintered slabs. Join us on an extraordinary journey to redefine the essence of elegance and sophistication.

^{FR} DURABILITÉ ET INNOVATION EN MATIÈRE DE PRODUCTION – La conception des bâtiments et le système innovant et intégré de stockage et d'alimentation en matières premières naturelles reflètent un engagement en faveur de l'efficacité, de la durabilité et d'une conception industrielle réfléchie, qui minimise les déchets et la consommation d'énergie tout en soutenant des processus de production avancés. L'usine fabrique des dalles sintérisées de dimensions exceptionnelles (160 x 320 cm) et d'épaisseurs variables afin de répondre aux exigences spécifiques du marché. L'usine intègre des technologies de production de pointe et donne la priorité à la durabilité au sein de l'industrie. L'investissement de l'entreprise dans la production de dalles sintérisées est révolutionnaire et démontre son engagement sans faille à donner les moyens à ses précieux clients dans un secteur en constante évolution et hautement concurrentiel. Aeterna est prête à prendre la tête pour répondre à la demande croissante de dalles grâce à son offre exceptionnelle de dalles sintérisées. Rejoignez-nous dans un voyage extraordinaire pour redéfinir l'essence même de l'élégance et du raffinement.

^{ES} SOSTENIBILIDAD E INNOVACIÓN EN LA PRODUCCIÓN – El diseño de los edificios y el innovador sistema integrado de almacenamiento y alimentación de materias primas naturales reflejan un compromiso con la eficiencia, la sostenibilidad y un diseño industrial cuidadoso, que minimiza los residuos y el consumo de energía, al tiempo que respalda procesos de producción avanzados. La planta fabrica placas sinterizadas en dimensiones amplias de 160 x 320 cm y con diferentes espesores para satisfacer las necesidades específicas del mercado. La fábrica incorpora tecnologías de producción de vanguardia y da prioridad a la sostenibilidad dentro de la industria. La inversión de la empresa en la producción de placas sinterizadas es innovadora y demuestra su compromiso inquebrantable con el empoderamiento de sus valiosos clientes en una industria en constante cambio y altamente competitiva. Aeterna está preparada para liderar la respuesta a la creciente demanda de placas con su excepcional oferta de placas sinterizadas. Acompáñenos en un viaje extraordinario para redefinir la esencia de la elegancia y la sofisticación.

^{TR} SÜRDÜRÜLEBİLİRLİK VE ÜRETİM İNOVASYONU – Binaların tasarımı ile doğal hammaddelerin depolanması ve beslenmesi için geliştirilen yenilikçi, entegre sistem; verimlilik, sürdürülebilirlik ve özenli endüstriyel tasarıma olan bağlılığı yansıtır. Bu yaklaşım, atık ve enerji tüketimini en aza indirirken ileri üretim süreçlerini destekler. Tesis, pazarın özel taleplerine yanıt verecek şekilde farklı kalınlıklarda ve 160 x 320 cm gibi büyük boyutlarda sinterlenmiş plakalar üretir. Fabrika, en son üretim teknolojilerini bünyesinde barındırır ve sektörde sürdürülebilirliği önceliklendirir. Sinterlenmiş plaka üretimine yapılan bu öncü yatırım, şirketin, hızla değişen ve son derece rekabetçi bir sektörde değerli müşterilerini güçlendirmeye yönelik sarsılmaz kararlılığını ortaya koyar. Aeterna, sunduğu eşsiz sinterlenmiş plakalarla yükselen talebi karşılamak için liderliğe hazır. Gelin, zarafet ve sofistikanın özünü yeniden tanımladığımız bu sıra dışı yolculukta bize katılın.

SYSTEM

^{EN} Anatolia’s manufacturing facility, warehouse, and operational infrastructure have been carefully conceived to harmoniously integrate cutting-edge technology, thoughtfully harnessed to minimize our environmental footprint, enhance operational efficiency, and above all, produce industry leading products for the global design community.

^{FR} L’usine, l’entrepôt et l’infrastructure opérationnelle d’Anatolia ont été soigneusement conçus pour intégrer harmonieusement des technologies de pointe, judicieusement employées pour minimiser notre empreinte environnementale, améliorer l’efficacité opérationnelle et, surtout, produire des produits de premier choix pour la communauté mondiale des créateurs.

^{ES} La planta industrial, el depósito y la infraestructura operativa de Anatolia han sido cuidadosamente concebidos para integrar de manera armoniosa tecnología de última generación aplicada con inteligencia, con el fin de minimizar nuestra huella ambiental, optimizar la eficiencia operativa y, sobre todo, crear los mejores productos del sector para la comunidad de diseño mundial.

^{TR} Anatolia’nın üretim tesisi, deposu ve operasyonel altyapısı, çevre ayak izimizi en aza indirmek, operasyonel verimliliği artırmak ve her şeyden önemlisi, küresel tasarım topluluğu için sektör lideri ürünler üretmek amacıyla ve en son teknolojiyi uyumlu bir şekilde entegre etmek üzere özenle tasarlanmıştır.

LEED CERTIFICATION

^{EN} The production facility and administrative office building are designed and constructed with the aim to achieve a LEED Certification, which provides a framework for healthy, highly efficient, and cost-saving green buildings, which offer environmental, social and governance benefits.

^{FR} CERTIFICATION LEED – Le site de production et le bâtiment administratif ont été conçus et construits dans le but d’obtenir une certification LEED, qui fournit un cadre pour la construction de bâtiments écologiques sains, hautement efficaces et économes, qui offrent des avantages sur le plan environnemental, social et de la gouvernance.

^{ES} CERTIFICACIÓN LEED – La planta industrial y las oficinas fueron diseñadas y construidas con certificación LEED, la cual provee un marco rector para construcciones saludables, altamente eficientes, económicas y amigables con el medio ambiente, con beneficios ambientales, sociales y gubernamentales.

^{TR} LEED SERTİFİKASI – Üretim tesisi ve idari ofis binası, çevresel, sosyal ve yönetsel avantajlar sunan sağlıklı, yüksek verimli ve tasarruflu yeşil binalar için bir çerçeve oluşturan LEED Sertifikası almayı hedefleyerek tasarlanmış ve inşa edilmiştir.

SOLAR PANELS

^{EN} Cutting-edge solar panels, encompassing the entire roof of the facilities at a total of 2,267,450 sq ft / 210,653 m², have been installed and generate an impressive 21.5 MW of energy. This substantial output will fulfill a significant portion of the energy needs of our production plant, while concurrently facilitating a substantial reduction of carbon emissions. This environmentally conscious initiative will effectively prevent the release of 19,000 tons of carbon into the atmosphere annually.

^{FR} PANNEAUX SOLAIRES – Des panneaux solaires à la pointe de la technologie, couvrant la totalité de la toiture des installations sur une surface totale de 210 653 m² génèrent une quantité impressionnante d’énergie de 21,5 MW. Cette production substantielle répondra à une grande partie des besoins énergétiques de notre usine de production, tout en facilitant une réduction substantielle des émissions de carbone. Cette initiative respectueuse de l’environnement permettra d’éviter le rejet de 19 000 tonnes de carbone dans l’atmosphère chaque année.

^{ES} PANELES SOLARES – Se están instalando paneles solares de última generación en la totalidad de los 2.267.450 ft² / 210.653 m² del techo de la planta, con miras a generar 21,5 MW de energía. Se prevé que ese importante aporte satisfará buena parte de los requerimientos energéticos de nuestra planta de fabricación, promoviendo a la vez una baja significativa en la emisión de gases de efecto invernadero. Esta iniciativa planteada con conciencia ambiental efectivamente impedirá que cada año se viertan 19.000 toneladas de anhídrido carbónico a la atmósfera.

^{TR} GÜNEŞ PANELLERİ – Toplamda 2.267.450 fit kare / 210.653 metrekairelik alanın tüm çatısını kaplayan son teknoloji güneş panelleri kuruldu ve 21,5 MW gibi etkileyici seviyede enerji üretilmektedir. Bu önemli çıktı sayesinde üretim tesisimizin enerji ihtiyacının önemli bir bölümü karşılanırken, aynı zamanda karbon emisyonlarında önemli ölçüde azalma sağlanması beklenmektedir. Bu çevre dostu girişim, yılda 19.000 ton karbonun atmosfere salınmasını etkili bir şekilde önleyecektir.

FACILITY WATER TREATMENT

^{EN} Our operational water resources are in a 100% closed-loop recycling system, employing state-of-the-art recycling and treatment technologies at the height of industry standards. Housed indoors within our production facility, our treatment plant serves as a pivotal element in our commitment to environmental best practices. This strategic placement effectively curtails the risk of environmental water contamination, ensuring the utmost purity of our product offerings. Our indoor treatment significantly reduces evaporation, effectively mitigating water loss during the process and solidifying our position as one of the industry's preeminent examples of water efficiency.

^{FR} TRAITEMENT DE L'EAU – Nos ressources en eau sont recyclées à 100 % en circuit fermé, en utilisant des technologies de recyclage et de traitement à la pointe des normes industrielles. Située au sein même de notre site de production, notre station d'épuration est un élément essentiel de notre engagement en faveur des meilleures pratiques environnementales. Cet emplacement stratégique réduit efficacement le risque de contamination de l'eau dans l'environnement, garantissant ainsi la plus grande pureté de nos produits. Notre station d'épuration intérieure réduit considérablement l'évaporation, en atténuant efficacement les pertes d'eau au cours du processus et en consolidant notre position comme l'un des meilleurs exemples de gestion efficace de l'eau dans l'industrie.

^{ES} TRATAMIENTO DE AGUAS EN INSTALACIONES – Nuestros recursos hídricos están en un sistema de reciclaje de circuito cerrado al 100% que emplea tecnologías de reciclaje y tratamiento de última generación, según los más altos estándares del sector. Ubicada en un espacio interior dentro de la planta de fabricación, nuestra planta de tratamiento de aguas juega un rol fundamental en nuestra firme adhesión a las mejores prácticas medioambientales. Su ubicación estratégica efectivamente limita el riesgo de contaminación del agua, asegura la máxima pureza de nuestra producción. El tratamiento de aguas en un espacio interior reduce significativamente la evaporación, mitiga la pérdida de agua durante el proceso y fortaleciendo nuestra posición como uno de los más destacados ejemplos de eficiencia hídrica del sector.

^{TR} TESİS SU ARITMA SİSTEMİ – Operasyonel su kaynaklarımız, sektör standartlarının en üst seviyesinde son teknoloji geri dönüşüm ve arıtma sistemleri kullanan %100 kapalı devre bir geri dönüşüm sisteminde yer almaktadır. Üretim tesisimizin içinde bulunan arıtma tesisimiz, çevresel en iyi uygulamalara olan bağlılığımızda merkezi bir rol oynamaktadır. Bu stratejik konum, çevresel su kirliliği riskini etkili bir şekilde önleyerek üretimde en yüksek saflığını garanti eder. Kapalı alanda yapılan arıtma, buharlaşmayı önemli ölçüde azaltarak süreçteki su kaybını minimize eder ve su verimliliği konusunda sektörün önde gelen örneklerinden biri olarak konumumuzu sağlamlaştırmaktadır.

RAINWATER COLLECTION SYSTEM

^{EN} Sustaining a tranquil and aesthetically pleasing outdoor green oasis for employee relaxation necessitates a reliable water source to nurture thriving plant life. In our commitment to water conservation, we have implemented a system that harvests rainwater from a generous 31,815 m² roof top, storing it in a 2,200 ton cistern for efficient utilization in our irrigation process.

^{FR} SYSTÈME DE COLLECTE DES EAUX DE PLUIE – Le maintien d'une oasis de verdure extérieure tranquille et esthétique pour la détente des employés nécessite une source d'eau fiable pour nourrir une vie végétale florissante. Dans le cadre de notre engagement en faveur de la conservation de l'eau, nous avons mis en place un système qui recueille l'eau de pluie d'une toiture généreuse de 31 815 m² et la stocke dans une citerne de 2 100 tonnes pour l'utiliser efficacement dans notre processus d'irrigation.

^{ES} SISTEMA DE RECOLECCIÓN DE AGUA DE LLUVIA – A fin de mantener un apacible y atractivo oasis al aire libre para el descanso del personal, se requiere una fuente de agua confiable para el riego de la vegetación. Fieles a nuestro compromiso con la conservación del agua, hemos implementado un sistema que cosecha el agua de lluvia proveniente de un amplio techo de 31.815 m², almacenándola en una cisterna de 2.100 toneladas para la eficiente instrumentación del riego.

^{TR} YAĞMUR SUYU TOPLAMA SİSTEMİ – Çalışanların dinlenmesi için huzurlu ve estetik açıdan hoş bir yeşil dış mekan vahası oluşturulması planlandı. Sağlıklı bitki örtüsünü desteklemek içinse güvenilir bir su kaynağı gerekmektedir. Su tasarrufuna verdiğimiz önem doğrultusunda, 31.815 metrekaare genişlikteki çatı alanından yağmur suyunu toplayarak sulama sistemimizde kullanılmak üzere 2.200 tonluk bir sarnıçta depolanmaktadır.

KILN AND PRESS ENERGY SAVINGS

^{EN} Anatolia has strategically aligned with global machinery innovation leaders celebrated for their pioneering research and groundbreaking innovations. This cutting-edge technology epitomizes world-class ingenuity, delivering considerable energy conservation and waste reduction advantages to our production facilities.

^{FR} FOURS ET PRESSES ÉCOÉNERGÉTIQUES – Anatolia s’est stratégiquement alignée sur les leaders mondiaux de l’innovation en matière de machines réputée pour ses recherches pionnières et ses innovations révolutionnaires. La technologie de pointe incarne l’ingéniosité de classe mondiale et offre à nos installations de production des avantages considérables en matière d’économie d’énergie et de réduction des déchets.

^{ES} AHORRO DE ENERGÍA CON HORNO Y PRENSA – Anatolia se ha alineado estratégicamente con referentes mundiales en materia de innovación de maquinaria célebre por sus investigaciones pioneras e innovaciones revolucionarias. Esta tecnología avanzada encarna lo máximo en inventiva, ya que habilita una considerable conservación de la energía y brinda a nuestra planta industrial ventajas en materia de reducción de residuos.

^{TR} FIRIN VE PRES ENERJİ VERİMLİLİĞİ – Anatolia, öncü araştırmaları ve çığır açan inovasyonlarıyla tanınan küresel makine inovasyonu liderleriyle stratejik ortaklıklar kurmuştur. Bu son teknoloji, dünya çapında bir dehanın somut örneği olup, üretim tesislerimize önemli enerji tasarrufu ve atık azaltma avantajları sunar.

PACKAGING INNOVATION

^{EN} Engineered for excellence, Anatolia’s patent pending Bundle-Frame, A-Frame, and Platform systems represent the industry benchmark in packaging innovation, redefining performance and eco-conscious design. Backed by extensive research, these solutions are designed with precision to maximize safety, efficiency, and sustainability throughout the logistics chain. They minimize workplace hazards and reduces the risk of slab damage during handling and transport, all while optimizing container utilization and warehouse storage. Designed for long-term reuse, these solutions significantly reduce material waste and environmental impact.

^{FR} INNOVATION EN MATIÈRE D’EMBALLAGE – Conçus pour l’excellence, les systèmes Bundle-Frame, A-Frame et Platform d’Anatolia, en instance de brevet, constituent la référence dans le domaine de l’innovation en matière d’emballage, redéfinissant les performances et la conception écologique. S’appuyant sur des recherches approfondies, ces solutions sont conçues avec précision pour maximiser la sécurité, l’efficacité et la durabilité tout au long de la chaîne logistique. Elles minimisent les risques sur le lieu de travail et réduisent les risques d’endommagement des dalles pendant la manutention et le transport, tout en optimisant l’utilisation des conteneurs et le stockage en entrepôt. Conçues pour être réutilisées à long terme, ces solutions réduisent considérablement le gaspillage de matériaux et l’impact environnemental.

^{ES} INNOVACIÓN EN EMBALAJE – Diseñados para alcanzar la excelencia, los sistemas Bundle-Frame, A-Frame y Platform de Anatolia, pendientes de patente, representan el punto de referencia del sector en innovación en embalaje, redefiniendo el rendimiento y el diseño ecológico. Respaldadas por una exhaustiva investigación, estas soluciones están diseñadas con precisión para maximizar la seguridad, la eficiencia y la sostenibilidad en toda la cadena logística. Minimizan los riesgos en el lugar de trabajo y reducen el riesgo de daños en las placas durante la manipulación y el transporte, al tiempo que optimizan la utilización de los contenedores y el almacenamiento en el almacén. Diseñadas para su reutilización a largo plazo, estas soluciones reducen significativamente el desperdicio de material y el impacto medioambiental.

^{TR} YENİLİKÇİ AMBALAJ ÇÖZÜMLERİ – Mükemmellik için tasarlanan, Anatolia’nın patent başvurusu yapılmış Bundle-Frame, A-Frame ve Platform sistemleri, ambalaj inovasyonunda sektör standardını belirleyerek performansı ve çevre duyarlılığını yeniden tanımlıyor. Kapsamlı araştırmalarla geliştirilen bu çözümler; lojistik zincirinin her aşamasında güvenliği, verimliliği ve sürdürülebilirliği en üst düzeye çıkarmak için titizlikle tasarlanmıştır. İş güvenliği risklerini en aza indirir, taşıma ve elleçleme sırasında plakaların zarar görme ihtimalini azaltır; aynı zamanda konteyner kullanımını ve depo alanını optimize eder. Uzun süreli yeniden kullanım için tasarlanan bu sistemler, malzeme israfını ve çevresel etkiyi önemli ölçüde azaltır.

HERITAGE

A FAMILY LEGACY. A STORY OF COMMITMENT, EXPERTISE, AND SOLID PRINCIPLES, WHERE TRADITION MEETS MODERNITY AND TECHNICAL INNOVATION.

^{EN} The story of Anatolia is a deep legacy of design, innovation, and excellence, whose foundation was laid in Türkiye dating back to 1933, with family patriarch Bekir Elmaagacli. Incorporated in Canada in 1995, Cengiz Elmaagacli, the founder, and his siblings Bekir and Berrin lead the company sharing CEO responsibilities: a family spirit that proudly places priority on honesty, integrity, and respect. This constitutes the pillar of Anatolia's long-term vision. Anatolia's unmatched lead times, expert logistics services and integrated online portal offer its partnering customers seamless live access to an extensive inventory as well as superior service. The online portal is fully integrated into Anatolia's global supply chain and distributor network and ultimately becomes a synergistic extension of our customer's own business and provides continuous access to one of the largest ready-to-ship inventories available worldwide. Anatolia has five state of the art facilities totaling close to 5 million ft² / 439,339 m² of office, showroom, manufacturing, warehouse and distribution space. Anatolia's mission is to become the world's most revolutionary manufacturer and supplier of Tile, Stone, and Slabs, continually striving to make premium products accessible to everyone, regardless of their space or budget.

^{FR} L'histoire d'Anatolia est un héritage profond en matière de conception, d'innovation et d'excellence, dont les fondations ont été posées en Turquie en 1933 par le patriarche de la famille, Bekir Elmaagacli. Constituée en société au Canada en 1995, l'entreprise est dirigée par son fondateur, Cengiz Elmaagacli, et ses frères et sœurs Bekir et Berrin, qui se partagent les responsabilités de PDG : un esprit familial qui accorde une place prépondérante à l'honnêteté, à l'intégrité et au respect. C'est là le pilier de la vision à long terme d'Anatolia. Les délais de livraison inégaux, les services logistiques experts et le portail en ligne intégré d'Anatolia offrent à ses clients partenaires un accès en direct et sans faille à un vaste inventaire ainsi qu'un service de qualité supérieure. Le portail en ligne est entièrement intégré à la chaîne d'approvisionnement mondiale et au réseau de distributeurs d'Anatolia. Il devient ainsi une extension synergique de l'activité de nos clients et leur offre un accès continu à l'un des plus grands stocks prêts à être expédiés au monde. Anatolia dispose de cinq installations ultramodernes totalisant près de 5 millions de pieds carrés / 439 339 m² d'espace de bureaux, de salles d'exposition, de fabrication, d'entreposage et de distribution. La mission d'Anatolia est de devenir le fabricant et le fournisseur le plus révolutionnaire au monde dans le domaine des carreaux, des pierres et des dalles, en s'efforçant continuellement de rendre les produits haut de gamme accessibles à tous, quels que soient leur espace ou leur budget.

Los plazos de entrega inigualables, los servicios logísticos expertos y el portal online integrado de Anatolia ofrecen a sus clientes asociados un acceso directo y fluido a un amplio inventario, así como un servicio superior. El portal online está totalmente integrado en la cadena de suministro global y la red de distribuidores de Anatolia y, en última instancia, se convierte en una extensión sinérgica del propio negocio de nuestros clientes y proporciona acceso continuo a uno de los mayores inventarios listos para su envío disponibles en todo el mundo. Anatolia cuenta con cinco instalaciones de última generación que suman un total de casi 5 millones de pies cuadrados (439 339 m²) de oficinas, salas de exposición, fabricación y distribución. La misión de Anatolia es convertirse en el fabricante y proveedor más revolucionario del mundo de baldosas, piedra y placas, esforzándose continuamente por hacer que los productos de primera calidad sean accesibles para todos, independientemente de su espacio o presupuesto.

^{TR} Anatolia'nın hikayesi, 1933 yılında Türkiye'de aile reisi Bekir Elmaagaçlı tarafından atılan temelleri ile tasarım, yenilik ve mükemmelliğin derin mirasıdır. 1995 yılında Kanada'da kurulan şirket, kurucusu Cengiz Elmaagaçlı ve kardeşleri Bekir ve Berrin tarafından CEO sorumluluklarını paylaşarak dürüstlük, bütünlük ve saygıyı gururla ön planda tutan bir aile ruhu ile yönetilmektedir. Bu, Anatolia'nın uzun vadeli vizyonunun temelini oluşturmaktadır. Anatolia'nın rakipsiz teslimat süreleri, uzman lojistik hizmetleri ve entegre çevrimiçi portalı, iş ortaklarına geniş bir envantere kesintisiz canlı erişim ve üstün hizmet sunar. Çevrimiçi portal, Anatolia'nın küresel tedarik zinciri ve distribütör ağına tamamen entegre edilmiştir ve nihayetinde müşterilerimizin kendi işlerinin sinerjik bir uzantısı haline gelerek dünya çapında mevcut en büyük hazır sevkiyat envanterlerinden birine sürekli erişim sağlar. Anatolia, toplamda yaklaşık 439.339 m² büyüklüğe sahip beş ileri teknoloji tesisiyle; ofis, showroom, üretim, depo ve dağıtım alanlarını bünyesinde barındırmaktadır. Anatolia'nın misyonu, porselen karo, doğal taş ve sinterlenmiş plaka alanında dünyanın en devrimci üreticisi ve tedarikçisi olmak ve herkesin, mekânı ya da bütçesi ne olursa olsun, premium ürünlere erişebilmesi için sürekli çaba göstermektir.
