Premiere Ceramic + Porcelain Designer Library, *Display Boards at a Glance*

Anatolia has designed a premium, compact and efficient display board that allows for it to be easily picked up and moved around for design discussions with clients. The front of the board displays a variety of formats.

The back of the board features elegant and refined rooms scenes specific to each collection. Technical specifications include sizes, finishes available, and usage recommendations.

The total number of boards for the Lithoform collection is 8 boards.

Lithoform Crosscut, Coast, Colorsync Porcelain.
A quiet tribute to the natural serenity of stone, composed in soft, sophisticated tones.

anatolia

25.5 x 26 in / 65 x 67.3 cm Lithoform Crosscut Coast Display Board

Lithoform Crosscut, Colorsync Porcelain.
A quiet tribute to the natural serenity of stone, composed in soft, sophisticated tones.

25.5 x 26 in / 65 x 67.3 cm Lithoform Crosscut Coast Display Board

LITHOFORM.
The Lithoform collection is a study in serenity—an ode to timeless organic elegance, arranged through a palette of muted tones that range from cool and airy to warm and grounded. Rooted in the natural world and refined for contemporary interiors, Lithoform captures a soft sophistication that transcends trend. Each surface presents one of two distinct perspectives: the flowing beauty of VeinCut, where delicate veining evokes the movement of water across stone, or the serene calm of Crosscut, where linear harmony and tactile depth offer a meditative calm. From the warm serenity of Coast to the refined refinement of Vista, every tone enhances its environment with quiet confidence. Lithoform is more than a collection—it is a sanctuary of material serenity, where texture and tone become instruments of timeless design.

COLORSYNC PORCELAIN.
Colorsync is Anatolia's exclusive porcelain body technology, engineered to deliver seamless visual integration between surface design and body composition. By blending a curated mix of base colors, Colorsync creates a unified, cohesive aesthetic that syncs with the surface graphics. Precision craftsmanship and advanced innovation ensure exceptional performance and a design-forward look from surface to core.

FINISHES.

- HONEY** Experience the elegance of honed surfaces, where every surface is meticulously smoothed to perfection through cutting-edge mechanical innovation. This achieves an ultra-fine, matte finish that offers a soft touch and understated allure, exuding timeless beauty.
- ORGANIC MATTE** Embrace the understated charm of Organic Matte surfaces, where the surface offers natural quality, exuding authority and worthy sophistication. Embraced by a fine structural texture synchronized with the graphics using the latest technology, this finish delivers subtle impressions that enrich the surface's graphic qualities.
- VENICE** Step into timeless elegance with Venice surfaces, which capture classic beauty through their tactile appeal. This finish, which provides a warm, lush hand-feel effect, created by advanced glazing and granular techniques, adding a visual depth and nostalgic touch to contemporary spaces.

SUSTAINABILITY.
Anatolia's state-of-the-art facility is designed with sustainability at its core, integrating advanced technology to reduce environmental impact. A 1.2 million sq ft solar panel installation generates 21.5 MWh of clean energy, preventing the release of 19,000 tons of carbon annually. A design-led water recycling system minimizes waste and prevents contamination, and energy-efficient machinery from global leaders further enhances operational efficiency and reduces waste.

Marketing support, A&D Binder

In today's fast-paced A&D community and dealer network, space within design libraries and showrooms is often limited. To address this challenge, we have crafted an elegant and highly efficient solution: Anatolia's A&D binders. Each binder is thoughtfully designed to provide both functionality and sophistication. The front cover introduces the collection with key information and a stunning render. Upon opening, the binder reveals up to 12 sample chips, showcasing the breath of Anatolia's exquisite collection. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience. Designed with precision, the binder features a spine that clearly identifies the collection name and material type, allowing for easy access and organization. This binder is an essential tool that merges convenience with luxury, elevating your design experience.

Marketing support, *Sample Chips*

Sample chips are an essential tool for bringing mood boards to life and creating a cohesive design vision. The compact 4 x 5 in / 9.5 x 13.4 cm sample chip is thoughtfully designed for portability and precision, making it ideal for quick comparisons and seamless integration into design presentations. This versatile chip is also featured in the A&D Binder and Sample Chip Box.

Anatolia has created a sample chip program featuring every color and finish combination that includes key information for that color on its back label. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience. Anatolia also developed a premium sample chip carrying case to easily and beautifully store, organize, and carry sample chips to meetings.
