Classic Ceramic + Porcelain, *Designer Library Display*

Unveil the beauty of ceramic and porcelain collections with Anatolia's innovative Designer Library Display. Designed for versatility and sophistication, this modern display can hold up to 96 curated boards, showcasing each collection with the help of LED lighting and a sophisticated wood finish. It is tailored to deliver a high-quality presentation while offering detailed insights into the ceramic and porcelain options available.

18 x 26 in / 46 x 66 cm Lumino Statuario Board

Lumino Statuario Glazed Porcelain

Color of Glass

Technical Information

Material	Porcelain
Finish	Glazed
Thickness	10 mm
Weight	18.5 kg/m ²
Water Absorption	< 0.5%
Modulus of Elasticity	130 GPa
Compressive Strength	100 MPa
Tensile Strength	10 MPa
Flexural Strength	15 MPa
Impact Resistance	10 J/m ²
Chemical Resistance	High
Fire Resistance	Class A
Acoustic Coefficient	0.15
Slip Resistance	0.10
Antibacterial	Yes
Antiviral	Yes
Anti-fingerprint	Yes
Anti-stain	Yes
Anti-scratch	Yes
Anti-UV	Yes

Marketing support, *A&D Boards*

Today's A&D community and dealer network has very limited space in their design libraries and customer showrooms. Therefore, Anatolia wanted to reinvent the typical contractor board and architectural binder by combining them into one multipurpose and space efficient merchandising tool.

Once opened up the board acts like a traditional contractor board with an easy to hold handle with all the information needed to make design decisions. On the front are sizes and finishes at a glance along with color chips and room renders. On the back are all of the critical technical specifications needed to specify a design space along with room scenes for inspiration.

This unique to Anatolia A&D board sits on shelf folded with a book like spine that clearly identifies the collection name, material type and corresponding inspiration for the collection. When pulled out slightly, one can easily see the collection's colors at a glance.

LUMINO, GLAZED PORCELAIN 7

Marketing support, *Sample Chips*

Sample chips are an essential tool to bring mood boards to life and inspire a cohesive design space. They need to be relatively small and yet contain all of the critical design and collection specifications needed.

Anatolia has created a sample chip program that categorizes sample chips into color coded material types, includes a sample chip affixed to an elegant backer card and includes all of the key technical information and formats for that color on its back label. Anatolia also developed a premium sample chip carrying case to easily and beautifully store, organize, and carry sample chips to meetings.

Backer Board Size: 3.25 x 6 in / 8.25 x 15.25 cm

<i>Sample Chips</i>	ITEM CODE	UPC
