FINISHES

- POLISHED** Inhabits the laudable allure of polished surfaces, offering a high-gloss, ultra-smooth surface with a mirror-like effect. This finish amplifies light reflection, creating a refined and elegant aesthetic. By utilizing high-density materials and an innovative mechanical process, it delivers a surface that is notably better and more lustrous than traditional polished finishes.
- HONED** Experience the elegance of honed surfaces, where every surface is meticulously smoothed to perfection through cutting-edge mechanical innovation. This approach is akin to a subtle touch that offers a soft touch and understated allure, exuding an understated beauty.

SUSTAINABILITY

Anatolia's state-of-the-art facility is designed with sustainability at its core, integrating advanced technologies to reduce environmental impact. A 2.2 million sq ft solar panel installation generates 21.5 MWh of clean energy, preventing the release of 19,000 tons of carbon annually. A closed-loop water recycling system minimizes waste and promotes conservation, and energy-efficient machinery from global leaders further enhances operational efficiency and reduces waste.

Marketing support, A&D Binder

In today's fast-paced A&D community and dealer network, space within design libraries and showrooms is often limited. To address this challenge, we have crafted an elegant and highly efficient solution: Anatolia's A&D binders. Each binder is thoughtfully designed to provide both functionality and sophistication. The front cover introduces the collection with key information and a stunning render. Upon opening, the binder reveals up to 12 sample chips, showcasing the breath of Anatolia's exquisite collection. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience. Designed with precision, the binder features a spine that clearly identifies the collection name and material type, allowing for easy access and organization. This binder is an essential tool that merges convenience with luxury, elevating your design experience.

Marketing support, *Sample Chips*

Sample chips are an essential tool for bringing mood boards to life and creating a cohesive design vision. The compact 4 x 5 in / 9.5 x 13.4 cm sample chip is thoughtfully designed for portability and precision, making it ideal for quick comparisons and seamless integration into design presentations. This versatile chip is also featured in the A&D Binder and Sample Chip Box.

Anatolia has created a sample chip program featuring every color and finish combination that includes key information for that color on its back label. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience. Anatolia also developed a premium sample chip carrying case to easily and beautifully store, organize, and carry sample chips to meetings.

CONFIGURATIONS AT A GLANCE

3-Piece Modular Kit

6-Piece Set Configuration

12-Piece Set Configuration

Maximize your showroom's potential with our innovative modular sintered slab display. Designed with a sleek, angled configuration, this display allows you to present a wider variety of 6 mm slabs in a compact footprint by featuring the sintered slabs cut at a smaller width. Each slab sample is 60 x 280 cm, ideal for spaces with limited room. Each modular unit accommodates three slabs and can be seamlessly combined with side panels to create configurations against a wall or as a freestanding central island using the connectors. A key benefit is that it features a non-fixed system, this display enables you to effortlessly switch out slab selections with ease, or change the direction of how you want the samples to be displayed. Enhance both the aesthetics and functionality of your showroom while providing clients with an expanded selection of Anatolia's premium surfaces, all in a beautifully organized and space-efficient manner.

Marketing support, *Showroom Waterfall Display*

Available in a 3-piece modular kit, this display's angled design reduces its width, allowing you to showcase a broader selection of 6 mm slabs. Effortlessly expand your display, by adding additional kits without compromising on space. Perfect for tight showroom layouts, the wall configuration optimizes surface area while keeping your premium slabs organized and easily accessible for clients. Its sleek design elevates both the aesthetics and functionality of your display, making it a smart, space-efficient solution.

SIZES AT A GLANCE

Compatible with tile formats between 8-10 cm thick:

48 x 48 in / 120 x 120 cm

36 x 36 in / 90 x 90 cm

24 x 48 in / 60 x 120 cm

The Rotating Tile Floor Display provides a dynamic and engaging way to showcase Anatolia's porcelain surfaces in large-format sizes. Designed for practicality and impact, this system accommodates a range of tile formats and thicknesses, offering flexibility to showcase multiple product sizes within a single cohesive display.

Each panel smoothly slides out and rotates upward, positioning the surface horizontally for closer inspection. This interactive mechanism allows customers and designers to experience the details, finishes, and craftsmanship of each tile with ease. Every rotating section is double-sided, featuring two different tile colors per panel, maximizing the variety displayed within a compact footprint.

With its functional design and efficient use of space, the Rotating Tile Floor Display delivers an elegant showroom solution for presenting large-format tiles in an accessible and impactful way.
