

Marmiline, *Engineered Stone*.
Merchandising

anatolia

Marketing support, *Table Top Display*

This collection's beauty is brought to life in a table top display that features the formats in the collection, and an inspirational branding panel. The branding panel at the top provides an elegant and inspirational room scene along with the colors included within the collection. Furthermore, great care has been taken to maximize display space efficiency while providing the most motivating presentation of the collection.

---	--

- Engineered stone is durable, easy to clean and maintain
- Ideal option to trim showers, window sills, niches and tub surrounds
- Easy to cut, bevel and polish on site as needed
- Optional trim pieces include corner chisels, benches and door thresholds
- Large format, seamless and consistent appearance
- Creates a clean, custom and fabricated look
- Minimal grout means less area for stains and maintenance
- Creates a flat, even surface to easily mount fixtures
- Less time to install than multi-piece alternatives

Marketing support, *A&D Board*

Today's A&D community and dealer network has very limited space in their design libraries and customer showrooms. Therefore, Anatolia wanted to reinvent the typical contractor board and architectural binder by combining them into one multipurpose and space efficient merchandising tool.

Once opened up the board acts like a traditional contractor board with an easy to hold handle with all the information needed to make design decisions. On the front are sizes and finishes at a glance along with color chips and room renders. On the back are all of the critical technical specifications needed to specify a design space along with room scenes for inspiration.

This unique to Anatolia A&D board sits on shelf folded with a book like spine that clearly identifies the collection name, material type and corresponding inspiration for the collection. When pulled out slightly, one can easily see the collection's colors at a glance.

Marmiline, Engineered Stone.
A dynamic and universal solution, designed to perfectly complete any space.

A universal need for every bathroom installation, designers, installers and homeowners have been endlessly seeking a solution for finishing their bathroom tile installations. When installing a shower or tub surround there will often be an area such as the shower curb, or wall where a fixed tile will need to be transitioned or capped. Designed specifically as a finish for shower curbs and downers thresholds, we also created accessories such as shower benches and corner shelves.

Marketing support, *Sample Chips*

Sample chips are an essential tool to bring mood boards to life and inspire a cohesive design space. They need to be relatively small and yet contain all of the critical design and collection specifications needed.

Anatolia has created a sample chip program that categorizes sample chips into color coded material types, includes a sample chip affixed to an elegant backer card and includes all of the key technical information and formats for that color on its back label. Anatolia also developed a premium sample chip carrying case to easily and beautifully store, organize, and carry sample chips to meetings.

Backer Board Size: 3.25 x 6 in / 8.25 x 15.25 cm
