Marketing support, *Floor Display*

This collection's beauty is brought to life in a floor display that features the tiles in the collection, display board sets and an inspirational branding panel. The large format tiles on the left allow customers to experience Anatolia's ultimate design definition and depth of color and shade rendition. The display board sets on the right feature various tile formats and finishes on the front of the board along with refined room scenes, tile variations and technical specifications on the back. The branding panel at the back provides a variety of elegant and inspirational room scenes along with the colors included within the collection. Furthermore, great care has been taken to maximize display space efficiency while providing the most motivating presentation of the collection.

Raffino, *Floor Display at a glance*

Side angle view of large scale tiles accentuates the beauty and impeccable quality of the designs.

Inspirational branding panel draws consumers' attention with luxurious room scenes and colors at a glance.

Marketing support, *A&D Board*

Today's A&D community and dealer network has very limited space in their design libraries and customer showrooms. Therefore, Anatolia wanted to reinvent the typical contractor board and architectural binder by combining them into one multipurpose and space efficient merchandising tool.

Once opened up the board acts like a traditional contractor board with an easy to hold handle with all the information needed to make design decisions. On the front are sizes and finishes at a glance along with color chips and room renders. On the back are all of the critical technical specifications needed to specify a design space along with room scenes for inspiration.

This unique to Anatolia A&D board sits on shelf folded with a book like spine that clearly identifies the collection name, material type and corresponding inspiration for the collection. When pulled out slightly, one can easily see the collection's colors at a glance.

Marketing support, *Sample Chips*

Sample chips are an essential tool to bring mood boards to life and inspire a cohesive design space. They need to be relatively small and yet contain all of the critical design and collection specifications needed.

Anatolia has created a sample chip program that categorizes sample chips into color coded material types, includes a sample chip affixed to an elegant backer card and includes all of the key technical information and formats for that color on its back label. Anatolia also developed a premium sample chip carrying case to easily and beautifully store, organize, and carry sample chips to meetings.
