EXISTING BINDERS AT A GLANCE
16 Anatolia Binders
(Binder quantities will expand with the addition of new collections.)

In today's fast-paced A&D community and dealer network, space within design libraries and showrooms is often limited. To address this challenge, we have crafted an elegant and highly efficient solution: Anatolia's A&D binders. Each binder is thoughtfully designed to provide both functionality and sophistication. The front cover introduces the collection with key information and a stunning render. Upon opening, the binder reveals up to 12 sample chips, showcasing the breath of Anatolia's exquisite collection. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience. Available in 6 distinct editions, each binder highlights a curated selection. Designed with precision, the binder features a spine that clearly identifies the collection name and material type, allowing for easy access and organization. This binder is an essential tool that merges convenience with luxury, elevating your design experience.

Sample chips are an essential tool for bringing mood boards to life and creating a cohesive design vision. The compact 4 x 5 in / 9.5 x 13.4 cm sample chip is thoughtfully designed for portability and precision, making it ideal for quick comparisons and seamless integration into design presentations. This versatile chip is also featured in the A&D Binder and Sample Chip Box.

Anatolia has created a sample chip program featuring every color and finish combination that includes key information for that color on its back label. The sample chips have been carefully designed and cut to be truly representative of the color, vein, and graphical experience. Anatolia also developed a premium sample chip carrying case to easily and beautifully store, organize, and carry sample chips to meetings.

ASSORTMENT AT A GLANCE
Anatolia 6mm Sintered Slab*

This customizable standing display structure showcases the essence of Anatolia's collections in an elegant presentation. The structure is designed to be able to allow a selection of a custom assortment. Each curated board highlights the diverse tile formats and colors offered in the collection and includes an information panel that provides more details alongside a meticulously crafted room scene. Careful attention has been given to optimizing the display space, ensuring an inspiring and efficient presentation of the tailored collections. The display also incorporates a tailored lighting system designed to highlight the collection in the most flattering manner. Working closely with the Anatolia Business Development Manager and Interior Designer, we will customize your showroom to design the perfect solution to fit your needs. We provide provide details and instructions for you to directly manage the installation in your showroom.

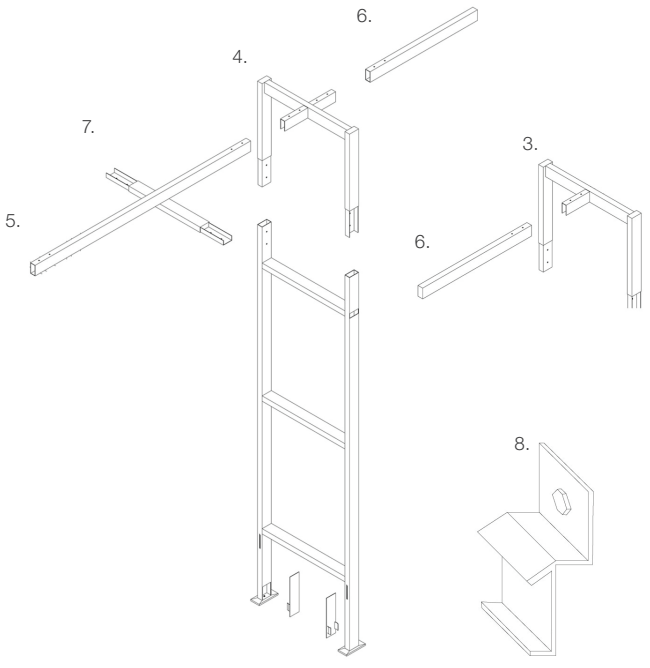

*Full size slabs are cut to 120 x 280 cm.

CONFIGURATIONS AT A GLANCE
3-Piece Modular Kit
6-Piece Set Configuration
12-Piece Set Configuration

Maximize your showroom's potential with our innovative modular sintered slab display. Designed with a sleek, angled configuration, this display allows you to present a wider variety of 6 mm slabs in a compact footprint by featuring the sintered slabs cut at a smaller width. Each slab sample is 60 x 280 cm, ideal for spaces with limited room. Each modular unit accommodates three slabs and can be seamlessly combined with side panels to create configurations against a wall or as a freestanding central island using the connectors. A key benefit is that it features a non-fixed system, this display enables you to effortlessly switch out slab selections with ease, or change the direction of how you want the samples to be displayed. Enhance both the aesthetics and functionality of your showroom while providing clients with an expanded selection of Anatolia's premium surfaces, all in a beautifully organized and space-efficient manner.

Marketing support, *Showroom Waterfall Display*

Available in a 3-piece modular kit, this display's angled design reduces its width, allowing you to showcase a broader selection of 6 mm slabs. Effortlessly expand your display, by adding additional kits without compromising on space. Perfect for tight showroom layouts, the wall configuration optimizes surface area while keeping your premium slabs organized and easily accessible for clients. Its sleek design elevates both the aesthetics and functionality of your display, making it a smart, space-efficient solution.

Showroom Waterfall Display Configurations at a glance

For a more dynamic presentation, Anatolia's waterfall display offers modular flexibility in which the 3 pc kit can be combined with additional kits and connectors to form a central island configuration. With the option to feature slabs on both sides, this display can be configured in a variety of arrangements, including a 6-piece or 12-piece set as shown below. Effortlessly expand your display without any additional components by adding additional sets, allowing you to scale according to your showroom's needs. The angled design not only saves space but also enhances the visibility of your entire slab collection, offering clients a convenient and engaging shopping experience. This versatile display transforms any showroom into a modern, efficient space, balancing form and function.

Waterfall Display 6 Piece Set Configuration
1. Waterfall Slab Display Kit (2 Kits in total)
2. Waterfall Slab Display Connectors (2 in total)
3. Waterfall Slab Display Wooden Side Cover (6 in total)

Waterfall Display 12 Piece Set Configuration
1. Waterfall Slab Display Kit (4 Kits in total)
2. Waterfall Slab Display Connectors (2 in total)
3. Waterfall Slab Display Wooden Side Cover (12 in total)

*For central island configurations, floor mounting is required. Please work with a professional contractor and follow local building codes for safe construction practices.

SIZES AT A GLANCE
Right Angle Sliding 63 x 126 in / 160 x 320 cm Sintered Slab Display
Left Angle Sliding 63 x 126 in / 160 x 320 cm Sintered Slab Display

The Single Sliding Panel Displays offer a clean and streamlined solution for showcasing 160 x 320 cm Sintered Slabs. Each individual panel presents a single full slab, allowing customers to appreciate the scale, detail and finish of each surface without interruption.

This display system is available in both right-angle and left-angle sliding configurations, making it adaptable to your showroom layout. Its intuitive sliding mechanism ensures smooth operation, making it easy for customers and designers alike to browse the collection.

With its minimalist design and practical functionality, the Single Sliding Panel Display provides an elegant, space-efficient way to showcase the full beauty of Anatolia's collections.
