

Take the hassle out of payments with Windcave & ezyVet.

Windcave integrates seamlessly with ezyVet to deliver an unbeatable customer experience. No more manual processing gives you more time back with your patients.

What are integrated payments?

When you integrate your EFTPOS terminal with your Point of Sale (POS), the invoice amount is sent directly from ezyVet to your terminal.

Why use an integrated payment solution?

Quick and Accurate Check Out Experience

Eliminate manual payment amount entries by front of house staff and reduce the chance of human error.

Real Time Reconciliation & Reporting

Easily reconcile payment transactions right within ezyVet. Export comprehensive reports in CSV, XML or PDF files.
